NYE SEATED IN  
U. S. SENATE BY  
41 TO 39 VOTE

Anti-Courters Gain  
a Supporter.

BY JAMES O'DONNELL BENNETT.  
(Chicago Tribune Press Service.)

Washington, D. C., Jan. 12.—[Special]—Gerald P. Nye of North Dakota was given his seat in the United States senate this afternoon by a vote of 41 to 39.

Sen. Borah picked up an anti-world court vote in his fight to prevent the entrance of the United States into the world court, a fact which is taken to explain his eleventh hour change of front in the contest.

A few days ago he said he would vote against seating the North Dakotan.

Party lines were broken in the vote to re-elect young Nye into the senate as temporary successor to the late Senator Ladd, 14 Republicans, 28 Democrats and one Farmer-Labor voting to confirm Gov. Sorlie's appointment, while 11 Republicans and 8 Democrats voted not to confirm.

The vote in detail was:

**FOR.**  
REPUBLICANS.  
Harrel, McNary,  
Howell, Norris,  
Jones, Schall,  
La Follette, Stanfield,  
McKane.

**DEMOCRATS.**  
Kendrick, Shepard,  
McKellar, Simmons,  
Mayfield, Stearns,  
Neely, Swanson,  
Overman, Trammell,  
Randall, Tyson,  
Reed (Mo.), Underwood,  
Rosen, Wheeler,  
(Asst.),

**FARMER-LABOR.**  
Hansen, Pine,  
Curtis, Reed (Pa.),  
Dolan, Robinson  
(Ind.),  
Jones, Sackett,  
Lanroot, McLean,  
Moore, Wadsworth,  
Moseley, Watson,  
Oddie, Williams,  
Willis.

**DEMOCRATS.**  
Caraway, Glass,  
George, Walsh,  
Gerry, (Mont.).

This result was a surprise to both public and officialdom.

**Three Causes Behind Change.**  
Three causes are believed to lie behind the various belated changes in senatorial opinion which won Senator Nye his seat by a majority of two. In the first place, the anti-world courters rallied to him as being one who is opposed to the entry of the United States into the world court.

In the second place, many senators, notably Underwood of Alabama, felt that it would be unfair to deprive North Dakota for seven months to come of representation in the United States senate equal to that of each of the other 47 states on legal technicalities.

And thirdly, other senators had no desire to put further rancor into the hearts of western farmers by rejecting an appointee who is avowedly their champion.

**Appliance Grows Rival.**  
The vote was taken in the presence of crowded galleries. Immediately the result was known handclapping broke out and senators pressed forward to congratulate Nye. Hardly had the applause died away when his colleague, Senator Frazier, former governor of North Dakota, gave him his arm and escorted him up the center aisle to Vice President Dawes' desk, where the Vice President administered the oath of office.

An Frazier and Nye swung into the aisle Republican Leader Curtis, who had voted against the confirmation, moved forward and shook Nye's hand.

Senator McKinley of Illinois was in the chamber early in the afternoon, but did not appear for the vote. Senators Cummins and Smoot were other absent notables.

**Creates Senate Precedent.**

The confirmation of Nye establishes a precedent that will long be cited in the annals of the senate. It rests now on the contention frequently urged during the debate—that a United States senator is not solely a "state officer" nor solely an "officer of the United States," but is both, and that as a "state officer" the method and machinery of his election are matters in which his state may properly have considerable to say.

Of more immediate importance is the vote given by today's vote that the Democratic and insurgent coalition in the senate can still upset the administration's plans.

## NEWS SUMMARY

### DOMESTIC.

\$1,000,000 jewel robbery reported in Palm Beach home.

Former Bishop Brown urges workers to overthrow capitalist government.

Anthracite strike parley is broken off in deadlock.

Authorities abandon exhuming of April farm baby, but act to rid Allen town, Pa., of Charles Garland's free love colony.

Two newly formed U. S. organization plan to spend \$60,000,000 on rubber plantations.

LOCAL.

Grief rocks Spingola clan as body of slain leader is brought home in silver coffin; police hunt hired assassins.

Contract signed for merger of Armour Institute with Northwestern university providing for raising of \$10,000,000 fund.

Deputy sheriffs capture woman and four men after a siege and gun battle for possession of a brewery in McHenry county.

Gov. Small's friends to plan \$1,000,000 defense fund against Supreme court's decision that he owes state \$10,000 in interest.

Censure and support for McAndrew's views on "Spirit of '76"; "I am a colonel," his retort to critics.

State control of lease or sale of big tracts of sanitary district land rights transfer; Small's son has control.

Council subcommittee on transit favors terminable permit, granted to city, to unified traction system, including surface and "L" lines.

Coolidge believes patience will win brush with Mexico but is still determined to protect United States rights.

River Forest in throes of political scrap; two trustees quit when president keeps right to hire engineer for street job.

Two teachers put on trial; charges largely based on stories pupils are unlearned.

Earth's end set back few days by Prof. Moulton of University of Chicago in lecture.

Four Chicago banks elect new chairman of boards and one a new president at annual meetings.

Council committee recommends passage of ordinance to curb theater ticket scalping.

Obituaries, death notices.

WASHINGTON.

Senate vote, 41 to 39, to seat Gerald P. Nye of North Dakota.

Cousens committee report on amortization of war facilities charges loss of \$210,665,300.

Farm leaders unable to agree on program.

Approval of Italian debt settlement foreseen in house.

Construction of new engineering school as Armour College of Engineering of Northwestern University.

Alumni Want Name Kept.

The retention of the Armour name is intended, the contract states, as a perpetual honor to the institution's founder, whose initial contribution of \$1,000,000 in 1893 started the school.

The alumni of Armour also are entitled to have their alma mater unchanged in name, it was declared.

In breaking the news to the alumni last night Philip Armour said the contract had been entered into with the unanimous approval of the board of trustees.

The comparatively warm spell may be shortlived, however. A miniature blizzard, with falling temperatures, was reported moving across southeastern Manitoba last night, headed for the great lakes. Alberta and Saskatchewan, however, had mild temperatures and snow was melting in the streets of Calgary and Edmonton.

The cold snap was widespread, and even the cities which have been enjoying summerlike weather were affected.

At Jacksonville, Fla., it was 40 and at Los Angeles 52.

The plan provides that the Chicago Art institute will continue to house the Armour School of Architecture.

**IDEAL OPPORTUNITIES HERE.**

"Chicago offers ideal opportunities for a great college of engineering and architecture," declared President Raymond. "If it assumes the position as the leading industrial city of America, it should possess stand in the vanguard of technical education. While the Armour Institute of Technology, we believe, has met the real tests of a high grade college of engineering in the thoroughness and quality of the training of its students, its capacity is inadequate to provide a continuous and ever increasing army of graduates to assist in the upbuilding and constructive development of this great city and surrounding country of the midwest."

President Raymond reviewed the founding of the college, and told how for every \$1 paid in tuition by the students the Armour family has paid in various years, \$2, \$3 and even \$4.

MARKETS.

Wheat starts weak but most of losses are regained on rally.

Leach says favorable condition of railroads is due to heavier power and bigger cars.

Owners of stocks get real share of industrial prosperity in stock splitups, Missouri says.

The fast growing population of the Mississippi Valley is causing constant expansion and enlargement of the facilities for supplying electricity, gas, street cars, and related utilities. With the existing limited number of engineering, competent ones cannot be graduated rapidly enough to meet the demand.

Prices advance on all livestock, with higher supplies.

## 10 MILLION FOR N. U.-ARMOUR MERGER PLAN

### Contract Signed for Union of Schools.

Establishment in Chicago of America's greatest school of engineering is the ambitious objective outlined last night when formal announcement was made that a contract was signed earlier in the day to merge Armour Institute with Northwestern university.

The chief provision of the contract, which was revealed by Philip D. Armour at a banquet of the Armour alumni at the Auditorium hotel, is the raising during the next five years of a building and endowment fund of \$10,000,000.

The chief provision of the contract, which was revealed by Philip D. Armour at a banquet of the Armour alumni at the Auditorium hotel, is the raising during the next five years of a building and endowment fund of \$10,000,000.

Upon the alumni rests much of the responsibility of raising the fund, it was stated. Mr. Armour and his brother, Lester Armour, grandsons of the founder of the school, Philip Danforth Armour, will contribute generously to the fund, it was announced.

THE CLOUDS.

Financial and moral support was promised also by Samuel Insull, whose guiding hands have appeared at the helm of many civic and industrial enterprises. A letter from Mr. Insull, who is in New York, was read to the alumni, and in it he approved the contract signed yesterday by Walter Dill Scott, president of Northwestern, and Howard M. Raymond, president of Armour.

\* \* \*

lums," Pete says, and leaves the room for a moment.

One of his best friends takes up the story.

"I bet they're not hoodlums. They're good, Americanized Italians. But some low-down rats, just come over, they're the ones that are making all the trouble, shooting up decent Americanized business men that do right."

This angle, by the way, dovetails with the theory on which Capt. Daniel Lynch of Maxwell street station is working, and which, he predicts, will bring the solution of this murder considerably nearer by tonight.

**POLICE Blame Imported Gunmen.**

"The men who killed Spingola," Capt. Lynch declared last night, "were imported into this country by way of Mexico 2 years ago last October. Fifteen of them came over then. They were free lances and did jobs for most any one."

"Two of them, not three, as the first stories had it, actually fired the shots at Spingola. A third accompanied them. And a fourth, Capt. Lynch learned at the inquest yesterday morning, sat over at Amato's restaurant, 914 South Halsted street, played cards with Spingola and Louis Granata, and went to a telephone to "give the once" to the outside men to be ready with their guns.

This fourth man is known to Granata, a photographer at 1230 West Madison, because only as the mysterious "Aramio," who sauntered up to the table, played a few games of pinochle, and then sauntered away to the telephone booth.

**Bullets Were Ready Day Earlier.**

Capt. Lynch expects today to bring in this Aramio, and others who, it is believed, helped to make Spingola murder.

For yesterday's investigations developed the fact that Henry was scheduled to die twenty-four hours earlier than he did. Saturday night, when he was dining at Ciro's, the bullets were ready, it is understood.

But the unsuspecting Henry was having a good time. He danced and chatted, and tarried too long for the signals to work. His murder had to be postponed a day.

But, back in the Spingola bedroom, Pete is sketching, hopefully, his family's history. An old neighbor, son of well-to-do Italians, came to Chicago forty years ago, settled near Emilio Stefano's saloon, then pioneered west of the river, where "it took a month to make a date with four Italians to play cards," we few were they.

**Carer of the Major.**

The major ran a profitable wine shop, sold beer, good beer, at 65 cents a case, sold in groceries, and became a labor agent. The Italians all knew and respected the clear eyed man. He built the first brick house in Taylor street. He helped this fellow, and that. His five daughters and four sons went to church and behaved themselves.

"And I want to say right here," Pete is emphatic, "that my dad never made a bad investment. The night before prohibition he rolled out all his barrels of wine, sold it at \$50 a barrel. Then he was through."

Henry, his brother, tells it earnestly, hustled suitcases when a boy to pick up a little change. Then he'd carry cases of beer for his father. He wanted an education, and was graduated from high school. Then the war came.

**Henry Volunteered for War.**

"Nobody had to send a battalion after him. No, sir. He volunteered and served eighteen months overseas with the navy. He's a member of 40 and 8. Could have been head of the Julius Caesar Legion."

**From then to law school!**

"And nobody," Pete points out, "can be a hoodlum if he works all day and studies law most of the night."

The family is proud, too, that Henry was a charter member of the St. Francis Xavier council of Knights of Columbus. They are hopeful that this may go a long way in getting him a church burial tomorrow morning and interment in sanctified ground at Mount Carmel cemetery.

**Bishop Refuses Funeral Service.**

Last night this had not been decided. The Rev. Eugene Broccoli, as-

## Beer Fort Taken in Gun Battle After 26 Hour Siege

(Pictures on back page.)

Deputies sheriff from Lake and McHenry counties, after a twenty-six hour siege, in which numerous shots were fired by attackers and defenders, yesterday captured a large brewery, the 10th mile post of Cary, Ill.

Four men and a woman capitulated and were put under arrest. Several others, one of whom is believed to have been wounded, escaped across the river to the Fox river.

Those under arrest were taken to Waukegan, where they gave names admittingly fictitious. The officials believe that they are connected with the better known beer rings in Chicago and Milwaukee.

**Deputies Fired On.**

Eight of the raiders were from Lake county and six from McHenry county. As the raiding officers approached a brewery, which was surrounded by a large barn, they were fired upon by a contingent, taking advantage of all natural cover, poured their fire into the place and then settled down to the siega.

The end came when the besieged gang made a break to escape. There was a running gun battle. The five surrendered and the others got away.

Deputy Sheriff Tiffany, who, with Sheriff Edinger of McHenry county, was in charge of the raiders, found machinery valued at \$60,000 in the makeshift brewery. They learned that the plant had been making and dispensing of 1,000 barrels of beer daily since it was installed in August. The equipment included machines

for making ice and filling barrels. Much of the supply was sold in Chicago, it is said. Four trucks and five passenger cars, some of them bearing Chicago license, were found in the barn. The plate numbers are being traced in the hope of discovering the identity of the men in charge of the selling organization.

**Boose Cutters for the Lake.**

At the same time the deputies were shooting to break up the overland traffic into Chicago and Milwaukee, it was announced that recruiting had begun at the federal building here to man boose cutters for service in a coast guard rum patrol which is expected to concentrate on boose shippers through the ports of the two cities.

The recruiting campaign, in which the middle west headquarters have been established here, embodies a plan to enlist 1,500 men. Two 125 foot cutters, one of Chicago and the other of Milwaukee, are expected to form the nucleus for the lake rum hunting activities in these parts.

**Paddocks on Six Places.**

The federal padlock onslaught against cheating cabarets, saloons, drug stores, and joints was resumed yesterday when Federal Judge Adam C. Cliff issued permanent injunctions against six establishments, the best known of which was Joseph Corrigan's notorious Erie cabaret at Clark and Erie streets. The place long has been an immune hangout of the midnight to dawn gentry. It was revealed at the hearing.

### DEVER EXPECTS TO HELP SOLVE MILK PROBLEM

Major Dever will probably attend the meeting tomorrow of the state milk commission at the Hotel Brevoort, in response to the commission's invitation, he declared yesterday.

The mayor and Gov. Small were asked to appear at the meeting, the former because the committee had been unable to come to an agreement because of the determination of Dr. Herman N. Bundesen, health commissioner, to begin April 1 to bar impure milk, and the governor to give assurance that state funds will be provided in the fight against bovine tuberculosis.

It is obvious that Sefer Edwards' visit with Chile's new president has important results and that considerable progress has been made toward the plebiscite. The electoral law was passed unanimously.

The meeting ended in complete agreement. The date for the next meeting was left in Gen. Pershing's hands.

## HIGHWAYS TIE CITIES TOGETHER, EXPERTS ASSERT

More than Billion Saved, Convention Told.

By PHILIP KINSLEY.

(Picture on back page.) The American Road Builders' association opened its twenty-third annual convention at the Congress hotel yesterday, with the panorama spread over it of three millions miles of public roads in this country in need of improving, maintaining, policing for as twenty million motor vehicles that now over them.

Administration and financing of the system is the great bazaar today, said Thomas H. McDonald, director of the bureau of public roads of the United States department of agriculture.

Of the 487,000 miles of surfaced highways, he said, 65 per cent are of low grade, 14 of medium type, and 10.2 per cent more durable.

**Poor Highways Most Costly.**

"The waste in highway transportation from the lack of adequate highways will cost the nation more than to provide them," he stated as an economic law.

Seventy-two per cent of the highways still are under local systems, he noted, and we either must pay other taxes locally to support them or through failure to maintain the roads properly, lose the investment already made.

A greater percentage of state highway funds should be expended for additional construction, he said, and highway departments should be freed without recourse to county authorities. Only those states that have issued bonds have made any considerable progress in mileage of durable pavement built.

The amounts spent by this government in aid of agriculture and business, he said, "for science, education, better roads and other construction efforts, are insignificant when compared with the outlays due to war and national defense."

The road is bracketed with fourteen states in the ratio of surfaced mileage to total road mileage. The ratio is from 10 to 19 per cent. Indiana and New Jersey head the list at a ratio of 40 to 49 per cent.

**Small Talks on Roads.**

Mr. Small told of his road program in Illinois.

"We are now letting the few remaining contracts required for completing the \$60,000,000 bond issue," he said, "and during this year we expect to start work on the new road. Every effort will be made to have at least 1,000 miles of hard surfaced pavements during the year 1926."

"When the next three or four years we have to have completed with the railroad system not less than 12,000 miles of state trunk highways," he said, "a system of at least 15,000 miles of state trunk highways."

Mr. Small said construction costs had been reduced to less than \$30,000 per mile except where heavy grading or fills are required.

The average cost of the several types of hard surfaced roads used in the United States is \$25,000 a mile, William H. Connell of Pennsylvania, president of the association, told the convention.

**On Roads: Save on Autos.**

"About \$1,330,000,000 annually is used in the United States," he said, "a motor vehicle operating costs as a result of the construction of 133,000 miles of hard surfaced roads and 155,000 miles of gravel roads since 1924."

"These savings are based on 25 per cent higher operating costs on dirt roads than on hard surfaced roads and 20 per cent higher on dirt roads than on gravel roads. These figures were developed from tests that have been made."

"This saving in motor vehicle operating costs exceeds the annual cost of the improved highways. The average cost of durable type construction in Pennsylvania is about \$50,000 a mile."

"The figures for the United States show annually save \$1,330,000,000 in operating costs, they only paid \$1,000,000 in 1925 in registration fees."

## Shall This Sword Be Removed?

Statue of George Washington which stands at the entrance of Washington park at Grand boulevard and 51st street. Former Governor E. P. Morrow of Kentucky, in commenting upon criticism of warlike pictures and statuary made by Superintendent of Schools McAndrew declared that if McAndrew's ideas were followed to their logical solution it would be necessary to remove the sword from Washington's hand and to take the flag away from the statue of Maj. Gen. John A. Logan in Grant park and remove the pistol holsters from the statue of Gen. Philip A. Sheridan at the entrance of Lincoln park.

[TRIBUNE Photo.]

and gasoline taxes, leaving them a net saving of \$1,350,000,000.

The figures have definitely justified the adoption of the principle in Pennsylvania that the user should pay for the road, and when this principle has been universally accepted, the entire highway business will be on a sound financial basis."

**Big Effect on Railways.**

"The development of highway transportation has already had a tremendous effect on railway passenger transportation," President Charles H. Markham of the Illinois Central railroad said. "In the last five years there has been a steady decline in the total number of passengers carried by the railroads."

"Long distance travel and communication travel on the railroads have been increasing; hence all the loss has come about in travel between nearby points. This loss has been due almost altogether to the increasing use of automobiles on good roads."

"No system of transportation, in my opinion, successfully, can compete with the private passenger automobile. My own view is that the field for motor bus operation by railroads is exceedingly limited, and that such a field as does exist principally is that of supplementing rather than supplanting existing train service."

"There is no way to determine exactly the loss in revenue sustained by the railroads as a result of vehicle competition. That loss partly is offset by the gain in revenue caused by the use of motor vehicles to extend the areas that enjoy convenient access to railway facilities."

**Means Net Traffic Gain.**

"However, even if the disparity between this loss and this gain is large, I am fully convinced that when we take into consideration the extensive traffic derived by the railroads from the transportation of road building materials and machinery, automobiles, gasoline, and various allied products, we can feel that the railroads have gained more than they have lost through the development of highway transportation."

"There are factors of uncertainty in the future of the motor vehicle as a commercial carrier. For example, thus far the operation of motor vehicles as

## ASSAIL, DEFEND MCANDREW FOR '76 SPIRIT' IDEAS

"I Am a Colonel," Says Chief of Schools.

Attention was directed yesterday to some of the topics taught in the C.I. class public schools under the classification of American history. This was occasioned by the writing of Superintendent of Schools William McAndrew and his reference to the effect upon the youth of such pictures as "The Spirit of '76."

Supt. McAndrew—in his article discussed the "scientific measuring scale on school histories" by the Association for Peace Education. Yesterday the same measuring scale was put by Capt. C. B. Hopkins of the Military Intelligence Bureau on a course approved by Supt. McAndrew.

As it is furnished school principals it is explained that the purposes of the work for this semester—History I—was "to picture present day world conditions . . . to develop a definite attitude toward the world's oldest and most pressing problem—the abolition of war forever."

**Some of Things Taught.**

The teacher does not use textbooks on the following topics, it is explained. Therefore, Capt. Hopkins said, the teacher is afforded the opportunity of inculcating pacifist ideas in the youthful mind, if so disposed. The topics provided in a syllabus to the teachers include:

"We, the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this constitution for the United States of America."

Members of Ravenswood post No. 149 of the American Legion demanded in a meeting last night that historical pictures be preserved in the public schools.

**Views of Board Members.**

Members of the school board, interviewed regarding Supt. McAndrew's writing responded as follows:

JULIUS F. SMETANKA—I believe the people who are offended by Mr. McAndrew's article are unduly excited.

JOHN S. ENGLISH—It is ridiculous to accuse the superintendent of being red or yellow or unpatriotic, because of an opinion he has expressed. It is not a criticism of our forefathers at all. I don't believe there is a more patriotic man in Chicago than Mr. McAndrew. If he hasn't the right to write his opinions without being crucified, what are we coming to?

MRS. W. S. HIBBARD—I don't think the board of education will take any action against Mr. McAndrew.

ANGUS S. HIBBARD, chairman of the

National Guard.

## REPORT CLAIMS LOSS TO NATION OF \$210,665,360

### Amortization Bungled, Says Couzens Board.

Washington, D. C., Jan. 12.—(Special)—Improper allowances by the internal revenue bureau in connection with the amortization of war facilities appear to total \$210,665,360, according to an assertion in the final report of the Couzens senatorial committee, made public today.

Allowances involving "discovery depletion," it is asserted, benefit the oil industry to the extent of \$37,500,000 annually, the total having been much higher than this while war time tax rates were in effect.

The loss to the government in taxes due to erroneous valuations of copper mines, it is further declared, amounts to \$60,000,000 annually.

#### Gross Discrimination Charged.

The report, which was filed by Senator Couzens [Rep., Mich.], chairman of the committee, with the senate, and also presented to the finance committee as a basis for administrative amendments to the pending revenue bill, charges that the internal revenue bureau has been guilty of gross discrimination among taxpayers, abuse of authority, unsound practices, and disregard of plain provisions of law.

L. C. Hanson, counsel for the investigating committee, appeared with Senator Couzens before the finance committee, which devoted the entire day to the consideration of accusations concerning improper depletion and amortization allowances. Amendments proposed by them were designed to define more clearly procedure to be followed by the bureau in making such allowances.

#### Urge Prompt Attention of Congress.

Criticisms against the bureau were made by A. W. Gragg, solicitor of internal revenue, who pointed out difficulties involved and defended settlements made with various large corporations.

The Couzens committee report was signed by Senator Couzens and by Senators King [Dem., Utah] and Jones [Dem., N. M.]. Senators Watson [Rep., Ind.] and Ernst [Rep., Ky.] failed to sign it.

It is declared that the allowance of tax free deductions from income for

the amortization of war facilities of manufacturers and mining companies is a subject "which demands the immediate attention of congress." Amortization allowances up to April 30, 1925, it is stated, totaled \$58,084,913 and since that date \$152,580,360 in claims pending but not acted upon on that date totaled 175 and involved the sum of \$75,171,169.

#### Alleges Haphazard Methods.

"All amortization allowances exceeding \$500,000 have been reviewed by the committee's staff and improper allowances have been reduced to amount to \$210,665,360," says the report. "The tax on about two-thirds of this amount can be saved to the government by prompt action of congress."

Failure to observe any well defined principles, as to either the kind of property, the cost of which is amortizable, or in measuring the allowance, has resulted in the grossest kind of discrimination among taxpayers.

The report dwells at length on the

practices of the bureau in connection with "discovery depletion" and says that in the valuation of oil properties "there appears to be no system, no adherence to principle, and a total absence of competent supervision."

It is asserted that the exemption from taxation from realized increment in value, not enjoyed by other taxpayers," says the report. "Upon a tax rate of 12½ per cent this exemption to the oil industry alone amounts to approximately \$37,500,000 annually, and during the high tax period it was correspondingly greater. But a major portion of this exemption is reserved for the valuation or prospectus for whose benefit it was intended. The major portion of this exemption goes to the large oil producing companies, which also deduct the prospecting and developing expense, intended to be offset by discovery depletion from income as operating expense."

Discrimination "a greater amount of publicity relative to the actions of the internal revenue bureau is urged in the report.

## MRS. W. R. LINN'S \$210,000 PARTLY LEFT TO CHARITY

Approximately one-fifth of the \$210,000 estate of Mrs. Nellie E. Linn, local philanthropist, was left to charity in her will filed yesterday before Assistant Probate Judge Frederick W. Elliott.

Park Ridge School for Girls receives \$25,000 annually and \$25,000 more on the death of Margaret McBrowne Miller, to whom Mrs. Linn left the interest on that \$25,000. The Glenwood Manual Training school is given \$10,000 and the Second Church of Christ Scientist, Pine Grove and Wrightwood avenues, is bequeathed \$5,000.

Because he "already has ample means," William R. Linn, grain merchant, her husband, is given nothing.

He also bequeathes personal belongings.

The remainder of the property is divided among a son, Howard Linn, 55 Cedar street, and two daughters, Miss

Mabel Linn, 181 Lake Shore drive, and Mrs. Dorothy Linn McCormick, 400 Spruce street; Lake Forest. Mrs. Miller lives at 4255 Broadway.

## D. A. R. Claims Victory as Cigarette War Smoke Clears

Mrs. Samuel Earle, regent of the Chicago chapter of the D. A. R., asserted yesterday that the organization's campaign for the abolition of cigarette smoking by women and for sensible dressing by the fair sex is gaining ground.

Eastern newspapers, Mrs. Earle declared, had editorially approved a "no silk stockings in January" suggestion.

## MORE PRINCES PUT IN JAIL FOR 30 BILLION PLOT

Friends of Pretender to  
Russian Throne Held.

[Chicago Tribune Press Service.]  
CHICAGO, Jan. 12.—By the Chicago Tribune.  
BERLIN, Jan. 12.—Police of France, Germany, and Jugoslavia are working in close cooperation in investigation of the \$30,000,000,000 sum from Budapest forgery plot, which Prince Windisch-Graetz, a son of one of Hungary's oldest families, has confessed. They have started a widespread series of search conspiracies throughout

Europe. Russians and Hungarians of highest position in the groups of monarchists scattered throughout Europe as exiles were arrested in Munich today. Three plotters are seized in Passau, Bavaria, and they are trailing their fellow conspirators in Berlin, Prague, and Belgrade. For the first time since the war such Hungarian detectives reveal credentials from the German government enabling them to carry on investigations in any part of Germany and ordering the police to comply with their requests.

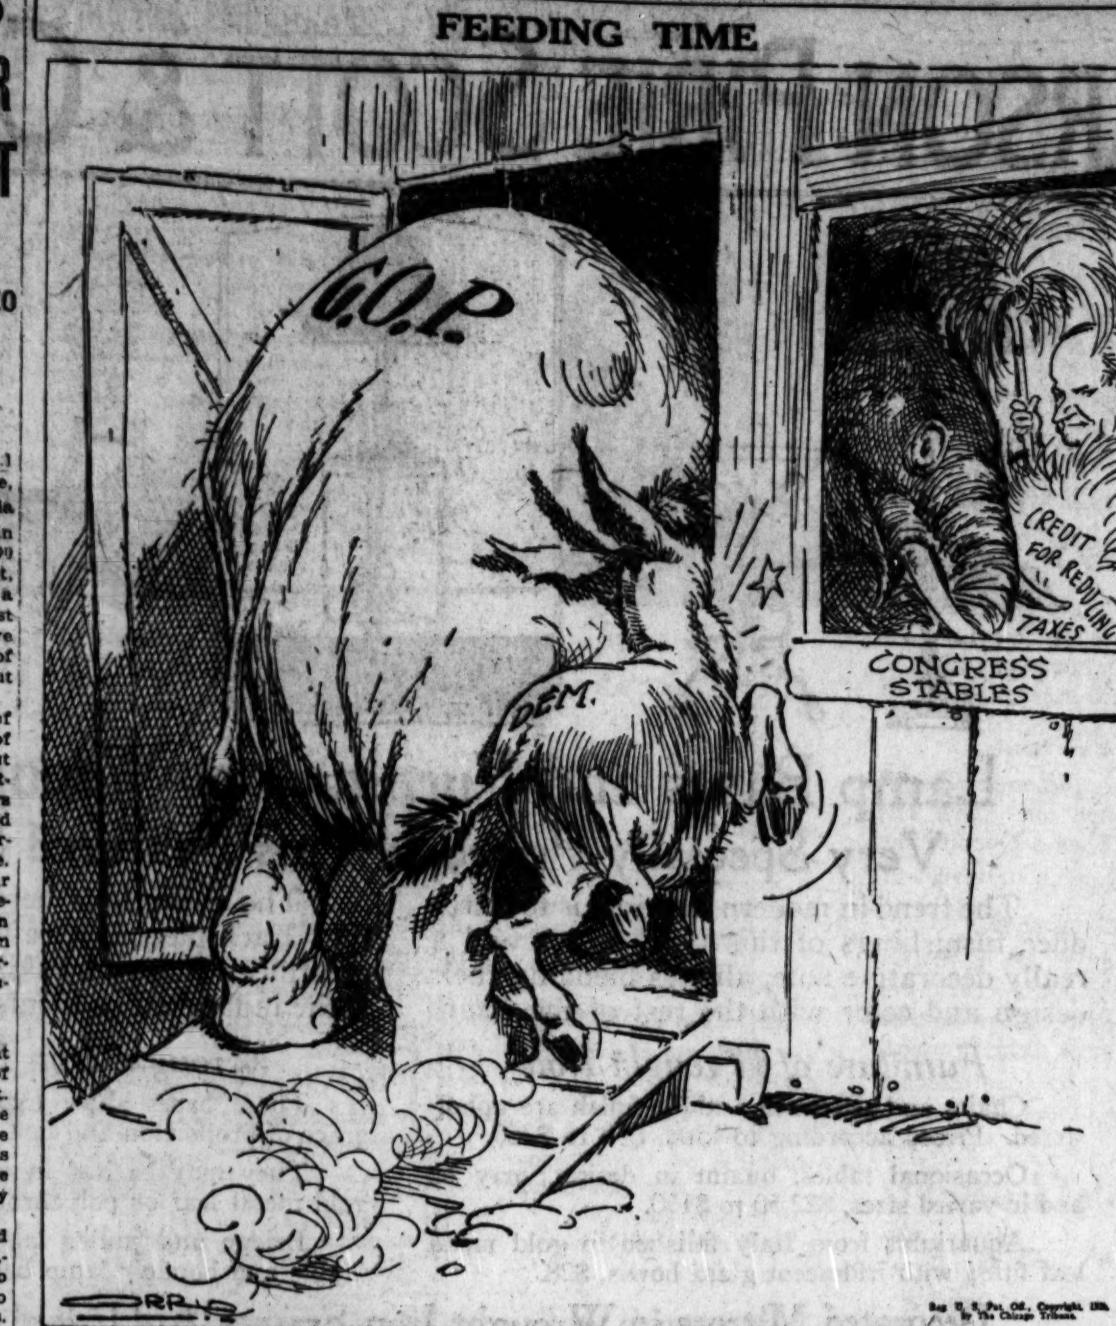

**Arrest Two Russian Princes.**  
The result was the arrest last night of a group of fellow conspirators of Prince Windisch-Graetz of Budapest. They are Prince Wolkowski, Prince Mikl and Prince Frigyes. They are officers of the Russian guards and close friends of the Grand Duke Mikl, who proclaimed himself the only heir to the throne of Russia.

Count Andraszky, who was arrested, is said to have distributed \$75,000 between Sept. 15 and Dec. 1, to a dozen monarchists in addition to giving out some of the forged francs. In the count, two others are held in charges of having distributed \$50,000. The sum is worth of the forged notes. The two are Col. Kiralis and Col. Szekely, who were high officers in the Hungarian army.

**Monarchists Meet in Secret.**  
Indomitable monarchists of Berlin held a secret meeting yesterday in a small Sunday to determine upon a plan of action by the monarchists in the forgery scandal. They were attended by the pretender to the Bavarian throne, Prince Ruprecht; Count Andraszky, as representative of Hungary's monarchists; and Duke Cyril, representatives of Russian dowager czarina, and Count Klink and Gen. Lobomirski.

Investigations have shown that he is the headquarters of the conspirators. Evidence obtained by the police indicates also that the son of Gen. Wrangel, formerly in the White Russian army in Ingria, is one of the principal members of the plotters. The group from the Wrangel headquarters has collected \$1,000,000 in forged francs. Detectives have gone to Jugoslavia to investigate.

In Budapest the police are pressing

their investigations vigorously as a result of new disclosures made by the secretary of Prince Windisch-Graetz. They are attempting to find a mysterious man named Schulz, who is supposed to be a Polish Jew from Lemberg, and whom Prince Windisch-Graetz denounces as the principal inspirer of the forgery plot. The papers assert Schulz showed the prince samples of the forged notes and helped him in his first purchases of the materials used.

Schulz received \$500 and the prince then denounced him to the French authorities as a blackmailer. Budapest police requested the French to turn Schulz over so the prince could confront him.

**Another Slight Quake  
Is Felt in Santa Barbara**  
Santa Barbara, Cal., Jan. 12.—(AP)—A slight earthquake was felt here this morning. It lasted about three seconds.

### NOW WE KNOW WHY THINKERS OFTEN FROWN

Muscular tension aids direct, hard thinking, it has been shown by recent tests on students; it was announced yesterday by A. G. Bills of the University of Chicago department of psychology.

In every case, the student could do faster and more accurate thinking when the muscles of his arms were relaxed.

Knitting the brow and clenching the hands, it is thought, to think better, it was said. At all times the student who worked with their muscles tensed was able to outdo those who did their thinking while relaxed.

The difference, said Mr. Bills, between a sleeping individual and one who is awake largely is a matter of muscular tension. At all times, in the waking state, the muscles are under the same degree of tension.

### BANDITS NAIL DRUG STORE DOOR, STEAL WHISKY

So that they would not be disturbed while ransacking the drug store of Meyer Lander at 1514 Kedzie avenue yesterday afternoon, two bandits, before entering, nailed a plank across the front door to keep out any unwelcome interference.

With the door blocked, they proceeded leisurely to rob Mr. Lander's cellar of five cases of whisky. Then they took \$140 from the cash register and relieved Mr. Lander of a diamond ring worth \$100.

"In the old days," Police Chief Collins explained, "a robber would dash into a shop, grab something from the counter and exit through the front door. As he closed the door behind him an accomplice, who stood ready, slipped a piece of wood through both of the old fashioned door handles and left the proprietor, who started to give chase, cursing in his beard."

### ALUMINUM BOOKS OPEN TO US, SAYS FEDERAL AGENT

Washington, D. C., Jan. 12.—(AP)—Senate investigators of the case against the Aluminum Company of America, in which George L. Rabinow is a heavy stockholder, were told today by Assistant Attorney General William J. Donovan that the company had agreed freely to a full examination of its books by the department of justice.

Col. Donovan made this disclosure in resuming before the senate judiciary committee his story of the department's part in the case.

A. V. Davis, president of the company, was quoted as having stated that the company had no objection to the department having confidential data which the federal trade commission withheld.

"We are now examining the company's record," Mr. Donovan said.

As to charges in the trade commission's report that the company deliberately delayed shipments to damage competitors, the witness quoted Special Examiner Dunn as saying that

none of the manufacturers named in the commission's report would affirm that his business had been damaged by the discriminatory or arbitrary practices of the aluminum company.

### FETZER EXPLAINS RESCINDING OF BANDIT'S BOND

Judge William R. Fetzer of the Maxwell street court told Assistant State's Attorney Joseph P. Savage yesterday that he had concluded his investigation of alleged charges of chicanery orders in his court and that he was satisfied that no orders were changed except at his own direction.

In reference to Sam Rabinow, who yesterday was indicted with Paul Taxman and Fred Poncher for the robbery of Mr. and Mrs. William Feldman, of 1514 Kedzie avenue, on New Year's day, Judge Fetzer said that he ordered the fine of \$100 be rescinded on the charge of disorderly conduct.

He said a man of good standing had vouched for Rabinow. Rabinow had been before the judge three weeks prior to his apprehension in the robbery case.

## STATE CONTROL OF LAND IRKS CANAL TRUSTEES

Gov. Small's Son Controls  
Pipe Permits, Farms.

BY OSCAR HEWITT.

The state of Illinois has assumed veto power over the sale or lease of an important portion of the sanitary district lands. These lands were bought and paid for by the taxpayers of the sanitary district, of which approximately 90 per cent are residents of Chicago.

This loss of home rule was brought about when the legislature adopted two amendments to the act creating the sanitary district, of which the principal feature was increasing the district's bonding power from 3 to 4 per cent of the assessed valuation of the property within the district. The newspapers printed column about that phase of the bill but gave little, or no space, to the transfer of authority from the district to the state.

Credit Small with Initiative.

It is said Gov. Small requested that transfer of power, giving the reason that the state wanted to protect and promote industrial development by preventing the disposal of lands needed for possible water terminals.

Accordingly, the law prohibits the district trustees from making a lease or selling lands of the district described in the act, without first getting the approval of the state.

The law says the lands described "shall not, nor any part or parts hereof, be sold, vacated, released, leased, or otherwise conveyed without the approval of the department of purchases and construction of the state of Illinois, being by and through its director, and in case said department approves of said sale, vacation, release, lease or other conveyance, it shall issue a permit in writing evidencing its approval."

The head of that department is Leslie Small, son of the governor. He has been given veto power over sale or lease of all lands of the Calumet-Sag canal, part of which right of way is a quarter of a mile in width. The wording of the statute relating to land reads: "All of the right of way of the Calumet-Sag canal of the sanitary district of Chicago, extending from Little Calumet river near Blue Island to the right of way of the main channel of the sanitary district of Chicago near Sag."

Other Important Spots Named.

The veto power relates, on the north shore channel, to a strip of land 25 feet wide on each side of the canal. Other important spots are also designated. On the main channel still other advantageous locations have come under Springfield's veto power. These spots, both on north channel and main channel, are for the most part at important street or railroad intersections with the channels.

The effect of the new law passed as an emergency bill and approved by the governor on June 19 last, is to take away from the drainage trustees the power to lease any of the lands described without first getting the approval of the state administration.

In the veto territory omitted in the

previous description is "that part of the main channel right of way lying south of 9th street in Lockport." In those particular lands a tenant of the company of Joliet—desired to renew his lease. The lumber company agreed to pay the rental asked by the district, \$15,710 for the first 15 years, together with all taxes and special assessments. It agreed to a revaluation for the remaining 15 years, on which it would pay an annual rent of \$5,000. The district trustees informed the lumber company that the lease would not be valid, without the approval of the state. The lumber company obtained it.

The People's Gas Light & Coke company desired to lay a gas main for half a block on the bank of the north shore channel. The company had to get the O. K. of Leslie Small which reads as follows: "Permission is hereby granted this 14th day of July, 1926, to the People's Gas Light & Coke company to lay a gas main along the east bank of the north shore sanitary channel from the east shaft of tunnel at Peterson avenue in a northerly direction for about 255 feet."

Now the truck gardeners and small

farmers desire to renew their leases.

One of them is Joe Szmuranski whose

business card said he is a dealer in

"preserves, sour kraut, pickles and onions."

He asks for 75 acres in the

Calumet-Sag right of way.

Fred Michalov of Blue Island asks for two

acres at an annual rent of \$10.

Peter Peterson wants a acre for grazing

purposes at \$15 a year.

Gust Mundt

says for 14 acres at \$25 a year,

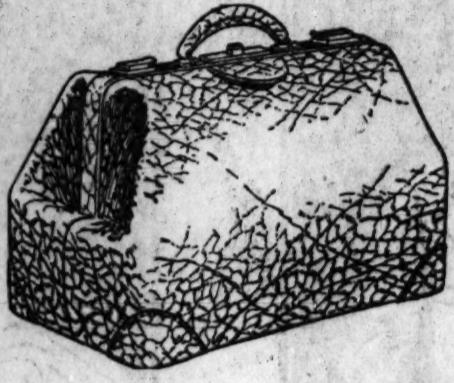

and Lawrence F. Paw requests 25 acres at

\$5 a year per acre.

J. Frank Hemmons, the real estate agent for the board, thought that perhaps the state of Illinois would not want to be bothered with these leases. So he wrote a letter to William F. Mulvihill dated Dec. 25 last. Yesterday he received a reply from Mr. Mulvihill, superintendent of waterways, a division under Leslie Small.

He made a careful reading of section 8 of the sanitary district act as amended June 19, 1925, reads Mr. Mulvihill's letter. "I am of the opinion that it will be necessary for the Sanitary district to apply to the department of purchases and construction for approval of proposed leases of Calumet-Sag right of way."

Lamp Bases and Furniture of Wrought Iron

Very Specially Priced in This Featured Selling

The trend in modern interiors is to introduce furnishings of this type, which add a really decorative note, always blending their design and color with the rest of the room.

Furniture of Wrought Iron

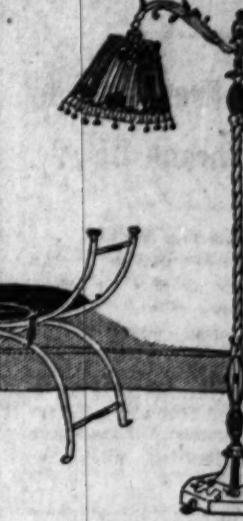

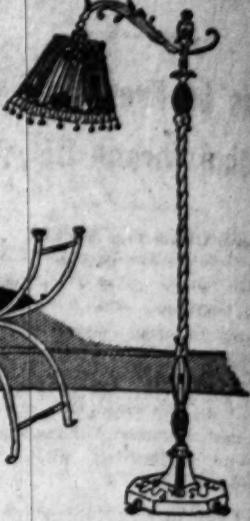

Chairs and settees in antique finish are upholstered. Priced according to kind, \$50 to \$260.

Occasional tables, quaint in design, may be had in varied sizes, \$22.50 to \$110.

Aquariums from Italy finished in gold metal leaf fitted with iridescent glass bowls, \$28.

Decorated Mirrors in Wrought Iron Frames Are Priced \$25 to \$45.

Fifth Floor, North.

The collections here are most interesting. Each piece is carefully designed and as carefully executed by skilled workmen. Here is the individual in furnishings.

Wrought Iron Lamp Bases

These bases show expert designing in their grace of proportion and line.

They may be had in varied finishes, such as gold metal leaf or polychrome.

Bridge and junior lamp bases, \$7.50 to \$45. Table and boudoir lamp bases, \$7.50 to \$27.50.

Fifth Floor, North.

Dinner Services of French China  
In Graceful Colorful Designs Enriched with Gold

Are **\$55**

The smooth fine texture of the French china is charming background for the patterns in which these dinner sets may be chosen, and makes them appropriate for quite general use.

Sets of English Semi-Porcelain  
Are **\$42.50**

Very effective is the royal bird pattern combined with a conventional border in French blue on these services. Ninety-one pieces in the set at \$42.50. Sketched at the right.

Fifth Floor, North.

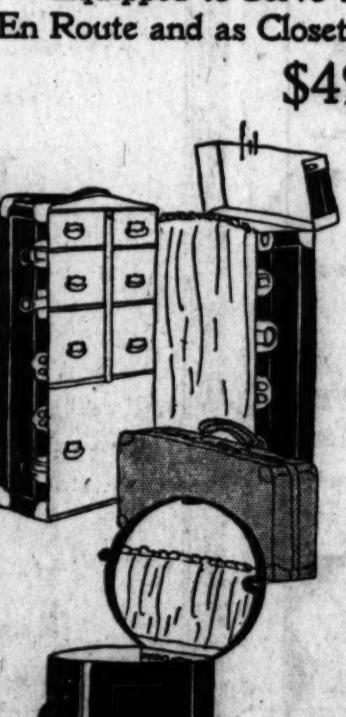

Bavarian China Dinner Services

Are **\$35**

Borders decorated with garlands of wee rosebuds and a dainty band in French gray make these lovely. Note the sketch at the center. Ninety-two pieces in the set at \$35.

Full-Size Wardrobe Trunks  
Equipped to Serve the Southern Traveler  
En Route and as Closet Room at the Destination

**\$49.50**

Good-looking as they are sturdily built, these are "trunks of preference" for the south-going traveler.

They have the many conveniences, which contribute much in the way of roominess. \$49.50.

Men's Leather  
Gladstone Bags  
Are **\$22.50**

These are excellent in workmanship and material.

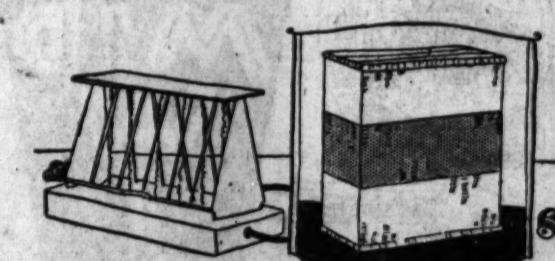

Of shark-grained and llama-grained cowhide.

The hardware is flat, corners are reinforced.

The leathers are black and brown. In sizes 22 and 24 inches. Men who appreciate smart luggage will prefer these bags. Note the sketch. Priced at \$22.50.

Women's Black Enamel Hat Boxes, Light in Weight but Strong, Specially Priced at **\$5.50**.

Fifth Floor, Wabash Avenue Building.

"Utility" Articles of Varied Kinds  
Of High Quality in Housewares Section  
At Very Moderate Prices

Not only many articles which add to the convenience of the kitchen, but certain specialized equipment for the household make these assortments important. How wide is latitude for choice is typified in these featured articles.

## COUNCIL GROUP FOR TERMINABLE GRANT BY CITY

After Traction Interests  
Are Unified.

BY OSCAR HEWITT.

The council subcommittee on transportation policy made a formal declaration yesterday of what it will recommend. The plan, fathered by Ald. Arvey and seconded by Ald. Toman, was discussed in several different forms, but the stenographic report shows that the action taken as stated for a vote by Chairman McKinlay is as follows:

"The motion is that we adopt the city issued terminable permit as the franchise policy, with unification (of surface and elevated lines) as a necessary part of any ordinance, and that we call in the traction heads for a discussion and preparation of an ordinance on these bases."

**Jackson Leads Opposition.**

Ald. Arvey, Toman, and Bowler voted for that motion and Ald. Jackson voted it. The subcommittee chairman, Ald. McKinlay, followed the custom of refraining from voting, and three members of the subcommittee were recorded as having not voted.

Ald. Jackson's objection was that the subcommittee had adopted his motion yesterday asking Messrs. Blair, Insull, and Husby to agree on the fundamental of an ordinance and submit them to the aldermen within 30 days.

This is at variance, in Jackson's opinion, with the motion adopted yesterday.

Ald. Toman, who has been a member of the local transportation committee since 1918, with the exception of two years, and whom he will not vote for an ordinance which does not provide for unification.

**Opposes City Operation.**

He added: "Municipal operation, driven by a lot of cranks, has made us turn out of many European cities, and I will not vote for any ordinance which provides for it. I favor a plan which will give a sound financial base to the companies and will vote for such a plan. That I now think is a terminable permit issued by the city which will also retain to the city home rule regulation of the utility."

Ald. Toman, however, indicated the subcommittee would proceed to make effective the decision by the preparation of an ordinance.

Ald. McDonough, chairman of the entire committee, was not present at the subcommittee meeting yesterday. The subcommittee adjourned, subject to the call of its chairman. The local transportation committee has a meeting scheduled for Friday.

## RICHES EMBARRASS U. S. IN REPARATIONS, RUFUS DAWES FEARS

Our exportable surplus is now so great that we will have difficulty in absorbing our big annual allotment of goods coming to us, as our share as a result of the success of the Dawes reparations plan, in the opinion of Rufus C. Dawes, who spoke last night at a dinner of the financial club of the Junior Association of Commerce, presided over by William Seitzel at the High Noon club, 14 South Michigan avenue.

Mr. Dawes pointed to the Locarno pact as evidence that the Dawes plan is making good in Europe. The pact clearly indicates that confidence between European powers is rapidly being restored, he said.

### Children's Benefit League Honors Mrs. Dixon Memory

A tribute to the memory of the late Mrs. George W. Dixon, whose death occurred recently, was offered yesterday at the regular meeting of the Children's Benefit League at the Auditorium hotel. Mrs. Dixon was one of its most earnest workers for the organization of which she had been president. Mrs. J. F. Ryan, who served on the board of the woman's auxiliary of the Wesley Memorial Hospital, of which Mrs. Dixon was president, delivered a eulogy on Mrs. Dixon's life, after which the entire membership stood for a few moments in a tribute of silence.

## PASS THE TAX BILL.

When the house took up the tax bill it shelved partisanship for the time being, summoned the treasury department into the conference, tolerantly adjusted differences of opinion, and produced a measure eminently satisfactory to the country. The house bill provided for a reduction of \$325,000,000; sets the maximum surtax at twenty per cent; reduces inheritance and gift taxes; abolishes or cuts down miscellaneous levies; and does away with publicity.

The house acted with a celerity and a show of sound judgment that brought for its handling of the tax bill a general commendation from the nation.

The bill is now in the senate, and it finds itself in a different atmosphere. A Democratic minority shows an inclination to keep the measure in its hands long enough to do a little partisan alteration work.

Disregarding the advice of Secretary Mellon, the Democratic members of the senate committee sought to revise the house bill in ways that would bring the tax cut to \$500,000,000. Mr. Mellon had said that to reduce the tax by more than \$225,000,000 would be to endanger the thirty year retirement program. Fortunately the Republican committee majority held to Mr. Mellon's program and rejected the Democratic proposal. Whereupon the Democrats gave notice that they could not acquiesce in the 20 per cent surtax and would insist on one of 25 per cent.

The Republican members of the senate committee are anxious to get the bill out on the floor within the month and have made only minor changes in the house bill. The country is with them, and will not take it kindly if the Democratic minority holds up the measure as it threatens to do.

An added importance attaches to the pending bill. It is the first real peace-time bill to come up for consideration. It will be used, for some years to come, as a basis for future tax legislation. It should be passed speedily, and partisan politics should play no part in fashioning it or delaying it.

## GEORGE'S OLD MAN—AND OTHER KINGS.

King George of England is all worked up over the situation in Roumania. He thinks the forced abdication of Crown Prince Carol is bad for the monarchical principle. The king is particularly incensed at Prince Carol's mother, Queen Marie, who started the trouble. King George says she is not an Englishwoman at all, as she sometimes says she is; and in addition, he suggests, she is a dissolute creature.

To which Queen Marie could well reply, "So was your old man." He certainly was. He stood out, even in a society of kings, queens, and princes, for the looseness of his private life. Queen Marie's devotion to Edward's notions of the royal life is fidelity itself.

Everybody in Europe tolerates dissoluteness in princes. When a queen is virtuous—like Victoria—it is a matter for constant comment and wonderment. As long as princes can retain social leadership regardless of their conduct, most of them, we expect, will behave like tomcats.

The number of kings who have led decent lives is about as small as the number who have displayed ability to govern or do anything else capably. We marvel every so often that the royal subjects continue to tolerate the corrupting moral influence of their princes.

## PACIFISM IN SCHOOLS.

Superintendent McAndrew of the Chicago schools made the first page, the editorial page and a number of citizens' meetings with his idea that the American soldier should be kept out of the mind of the American school child. Whatever he wanted to say in his editorial in the *Educational Review* he said it all in the wrong way. It will wake up things a little to remember that he has been in favor of military training in the schools and did not support the idea that had a foothold in the school board that the boys in training should not have target practice with rifles.

Mr. McAndrew has been proving himself of considerable value to the Chicago schools in a position in which it is traditionally hard to be of any value. It would not be fortunate if he were chased out into the lake because of some ideas and expressions which seem to us to have been badly thought out and unfortunately stated.

The board of education can see that the schools are not used for the promotion of the pernicious pacifism of China. The American patriot soldier, his self-sacrifice, his subversion of self to duty and to national needs should have a place in the imagination, admiration and respect of the American child. We don't care about the glories of battle. One item in the American creed has been that other peoples suffered too much from the intrigues and ambitions of personal rulers or military autocrats.

The exasperating thing is when American pacifists—

system into an inborn attack upon patriotism, as if it were vile, and get to work in the schools and colleges.

## TWO VIEWS OF THE TERMINABLE FRANCHISE.

One of the points of discussion in the council regarding traction is the terminable franchise as a policy. It recognizes that the old theory of a twenty-year franchise for public utilities such as transportation is not workable for investment.

The terminable franchise has two meanings in its application, or could have here in Chicago, one as to new developments and the other as to existing properties. It might be fair in the one and bad in the other. It might give investors a fair guarantee for Mr. Insull's proposed mid-city rapid transit plan, with other elevated extensions. It might be injurious to the city if it plastered the Union loop with new values which under present franchise rights that structure would not have.

Certain parts of the Chicago traction system are in transition. The elevated loop is one of them. The city some day may want it down and if it does not add new complications to the situation may be able to get it down. There are points in city congestion where the economy of elevated construction is offset by the consequent impairment of property values and of general city benefits. If the terminable franchise cost \$100,000,000 fictitious values into the Union loop it might be the one thing which would prevent the disease and removal of it.

There is this caution to be exercised in the Chicago consideration of the terminable grant, which in effect may be an interminable one. It should not be another variety of ninety-nine year act covering properties which may be now deteriorating, passing their usefulness and marked for disuse.

It is appreciated that new factors are entering city transportation. The bus is one. Wider streets and probably elevated streets are others. The way, if we ever get one, will be new to Chicago. Developments may be covered by a new form of franchise which protects all interests involved but which should not get itself attached to old properties which may be entered for the discard, giving them values which they ought not to have, values which may stop any disposition of them and any conversion of them to the real needs of a modern city. The city does not want to confront itself with either of them?

The age period six to seven is in which susceptibility and exposure are greatest. The child is in the right condition for the life of the child to make him a good subject for carrying measles into the family. We know of no way for measles to get into a home except through a sick child as a vessel. If that theory is correct, the authorities might well concentrate on the children, say, five to seven years of age in kindergarten, Sunday schools and first grades in schools as a measure for the control of measles.

After the child has brought measles into the home it spreads to the other children in the family. Most of the measles is in children under six. Most of the disease is contracted in the home. But neither of these facts interferes with the importance of that first case the child six to seven who carried the infection into the very susceptible group, all of whom are thrown together so intimately that when one gets it the others follow suit.

The same opinions hold good as to scarlet fever. This disease is brought into the family by the child six to seven years of age, and the other children catch it from this first case. It is not as easy to prove this, however, as it is with measles.

In scarlet fever, when one child catches the disease from another, he comes down within five days of exposure. The intervening period in measles is ten days.

This jumbles the secondary cases of scarlet fever, whereas the tendency of

scarlet fever which cause me to keep on weight?

REPLY.

There is no way to answer your question except after a fashion.

For instance, the food value of a hamburger sandwich depends on who makes it, how much meat how thick the slices of bread, how much hamburger.

In a general way, I should say that a hamburger sandwich contains the most calories. It weighs more and contains more fat and less water.

Next comes mailed milk, since it contains a nutritional content as well as milk.

5 POUNDS OVERWEIGHT.

Mr. G. C. C. writes: I am 27 years old, 5 feet 11 inches in height and weigh 200 pounds. I have a job walking all day and I cannot seem to reduce. I sleep well and eat well. I am not fat. I must admit that I do not exercise outside of walking all day. Will you please tell me how much overweight I am and if you find any faults in my living habits which cause me to keep on weight?

REPLY.

You are 38 pounds overweight. Your exercise bagasse is the best possible indication of your method of holding your weight down. You get enough exercise. The trouble is with the three squares.

How to Keep Well.  
By Dr. W. A. Evans.

Questions pertinent to hygiene, sanitation, and prevention of disease, if matters of general interest, will be answered in this column. Where space will not permit, or the subject is not suitable, letters will be personally answered, subject to proper limitations, and where a stamped, addressed envelope is included, Dr. Evans will not make a diagnosis or prescribe for individual diseases. Requests for such service cannot be answered.

[Copyright: 1926. By Dr. W. A. Evans.]

WHERE THEY GET MEASLES.

WHERE did my child catch measles? This question is asked a thousand times a day by mothers throughout the country. Drs. Aycock and Eaton have attempted to answer the question, in part at least for the general range of instances.

They also attempt to answer the same question as to scarlet fever and infantile paralysis in the same way.

In infantile paralysis the question is far more difficult. Rarely does more than one case appear in a family. When there are multiple cases in the same family, the rule is that they all get sick within a few days. Infantile paralysis is a disease of children, as a rule. But if the six to seven year old brings it into the family, there is not much proof of the fact.

measles to come in crops most any one can see.

There is another factor which makes the scarlet fever question harder to solve.

That is the fact that a scarlet fever patient may remain infective for many weeks while his ear or his throat is discharging; measles is rarely infective longer than ten or twelve days after the illness starts.

In infantile paralysis the question is far more difficult. Rarely does more than one case appear in a family. When there are multiple cases in the same family, the rule is that they all get sick within a few days. Infantile paralysis is a disease of children, as a rule. But if the six to seven year old brings it into the family, there is not much proof of the fact.

In infantile paralysis the question is far more difficult. Rarely does more than one case appear in a family. When there are multiple cases in the same family, the rule is that they all get sick within a few days. Infantile paralysis is a disease of children, as a rule. But if the six to seven year old brings it into the family, there is not much proof of the fact.

COMPARATIVE FOOD VALUES.

C. G. C. writes: For the benefit of a number of people will you kindly state in your column what the actual food value of the mailed milk drink sold in soda fountains is compared to a glass of ordinary rich milk, or to a ham sandwich? Does it contain more nourishment than the last two items? Or, rather, does it contain more nourishment than either of them?

NANCY SHORES.

THE "SPIRIT OF '76," in spite of this jazz age in which we live, seems to be latent in most red-blooded Americans. Poking a stick at "The Spirit of '76" is about as safe as turning over a beehive. (Will Supt. McAndrew, superintendent of the Chicago public schools, please write?)

It Made a Little Trouble for Us, Too, Duke.

Dear Dick: George Ade's me terrible by makin the Line, I red his contribution to the B. and C. at breakfast, an godda big kick out his sayin "I am a little trouble for us, too." Duke harried me, I let loose of a couple healthy lines to which the B. and C. say: "Say, Cocky, you gain a divorce on the grounds of cruelty if ya don't eat quick an gitinthaihle to work." DUKE BAKRAK.

And Little Fannie Pays Her Respects.

R. H. L.: Oh them men, them men. Of course Misogynist is different, of course he is. Why at the age of 10 he knew as much as a child of 2. He was hailed as the child genius. I do believe he is yet the child. On these of higher learning. Misogynist! You're wonderful.

FANNIE SEGAL.

A GIRLS' BASKETBALL TEAM in an Illinois town disbanded rather than wear bloomers. We don't blame 'em. A lady in bloomers is one of the most awful atrocities we have ever gazed upon.

If we had to wear the horrid things we would band, too. We would do more than that—we'd face band, too. We would do more than that—we'd face towards Lake Michigan and keep right on walking until our flat floated.

AN OPEN LETTER TUH ROODYARD KIPPING.

Dear Sir: I am writing a poem. The poem is almost ready. I want some crits on it in no argument with you over who is in the best poet but I think you an meotta know each other. Wadda yuh say you correspond, huh? If yew've got any stale stuff ritten an' yew want my honest opinion uv it just mail it tuh me an' I'll be glad tu look it over. No trouble at all! US POETS otta slip etha etha the helpin' mitt like that. Wile I'm at it I mite as well slip yuh the inside stuff on sum uv the poets I know, wish rite fer the Line O' Type Or Two. (As we no doubt know) Line O' Type Or Two is a famous colyom which is the surroundin' all about the Chicago Daily Tribune! Talk this gret MacKinlay Kantor in instance. That homie won't rise upa yuh unles yed ded. An' no matter how long yuh bin ded, if he ever gits the goods on a person he goes ride down after him with a spade. He's the original charnel-house bone-rattler. Then there's Donfar. He uses words nobuddy understands so we gotta talk his wurd fer there meaning. His life is safe until I find out that "Dromes" does not mean "roads." Then there's The Pantum Luver. His poem is a full up tender sweet sweet poem, a full poem, givin' that boy's as full uv an' tenderness as ded him. Listen, Roodie, Roodie, I gotta slip uv now but I'll give you the dirt on sum more uv 'em in a few days. In this meantime, WATCH PER MY POME!

SNOWSHOE AL.

Mac's Having It Printed on a Card.

Thank you, Richard Henry Little, for autographing my Linebook. Won't you please keep MacKinlay Kantor's "Sharps and Flats" for the 1926 Linebook? It is such a beautiful thing I wish we might see it printed again some time soon.

ETHEL R. BROWN.

HISTORY may repeat itself at times, but there is no way to prevent it from happening.

We open house all year around, have never stood and never shall stand on formality; so your writer shall be welcome at our corn table any time he comes.

## 36<sup>th</sup> Semi-Annual Clearance Sale

*An Epoch-marking Event in the History of Chicago Merchandising*

NEVER in the entire history of our Men's Department—extending over a period of twenty years—have we made such pronounced reductions for a semi-yearly sale. In some instances the prices are below cost, to assure immediate clearance before inventory on February first. This affords you the opportunity of obtaining the finest merchandise in

Chicago radically reduced. A special invitation is extended to new customers—men who would follow in the footsteps of those who for years have found that buying here always pays. During this Sale no goods can be sent on approval, no refunds or credits will be allowed, and a small charge will be made for all alterations.

## COOLIDGE WILL BE PATIENT YET FIRM TO MEXICO

Admits Right to Own  
Laws; Guards U. S.

Washington, D. C., Jan. 12.—[Special.]—President Coolidge, while concurring that a policy of patience over the diplomatic brush with Mexico over retroactive features of the new oil and petroleum laws, is still determined that American property rights must be protected.

At the White House, where the attention of the nation has been set on Mexico, it was stated today that President Coolidge is still hopeful that Mexican government will live up to the agreements made in 1923, which provide protection for American property rights.

President Coolidge, it was said, has quarreled with Mexico over the right that nation to make internal laws.

American interest comes in, it explained, when Mexico passes legislation which is retroactive and which is likely to injure property already granted to Americans.

It was explained that this government is also desirous that Mexico keep international promises.

Won't Press Too Hard.

President Coolidge believes that patience must be exercised in this situation. He sees that the Mexican government has many difficulties.

He feels that there should be a public expectation that this government must be helpful and must not press too hard.

In the opinion of the President, the American people do not have the right to have, and we ought to be helpful in any way we can. There seems to be an official feeling that Mexico wants to live up to her agreements and will do so. It is also felt that the Mexican government in regulating the enforcement of the new laws may be trying to safeguard American property in a way which will prove acceptable.

### MEXICO CITES RIGHTS

BY JOHN CORNIN.  
(Chicago Tribune Press Service.)

Chicago, Jan. 12.—Aaron Eissen, minister of foreign relations, today said he would answer the American note to the Mexican government tomorrow. According to semi-official information, the note presented by Ambassador Sheffield several days ago reflects the losses and injuries Americans are likely to suffer from the enforcement of the recently enacted laws respecting the rights of foreigners who reside in Mexico.

It is also said semi-officially that the Mexican government has not yet received a note from the United States to whatever laws may best suit the Mexican government.

It is further added that the Mexican government has not yet received a note from the United States to whatever laws may best suit the Mexican government.

The Mexican government has not yet received a note from the United States to whatever laws may best suit the Mexican government.

### 2 NEW GROUPS PLAN \$60,000,000 RUBBER FARMS

#### Hoover Applauds U. S. Ownership.

New York, Jan. 12.—[Special.]—Two organizations for the production of crude rubber by United States interests, with initial expenditures of probably \$60,000,000, were formed here today, after a conference with Secretary of Commerce Hoover, to "protect the American public and the rubber industry with respect to future supplies."

The two organizations were:

The Rubber Association of America, whose directors met for more than two hours with Mr. Hoover, and which, it was said, was considering proposals for the appropriation of \$10,000,000 for five years to plant rubber trees in areas under American control or where favorable conditions would be assured.

And the National Automobile Chamber of Commerce, which announced the formation of a \$10,000,000 organization for automobile manufacturers to produce, purchase, and deal in raw rubber as well as to manufacture rubber tires.

Three U. S. Companies in Field.

The directors of the Rubber Association of America were expected to discuss during the conference show plans for setting out rubber plantations in the Philippines or Sumatra. They met with Mr. Hoover at the offices of the Ajax Rubber company.

Three United States corporations have now announced entry into the field of production since the prices of crude rubber were advanced by the operation of the British plan of export restriction from the Malayan peninsula and Ceylon, where 70 per cent of the world's rubber, the amount consumed by the United States, is produced.

Firestone Plants \$100,000,000.

The first company was the Firestone Tire and Rubber company, whose president, Harvey S. Firestone, announced on Oct. 18, last, he would invest \$100,000,000 in rubber plantations of Liberia.

#### Watch Your Frail, Puny Child Grow Strong Take on Weight—Quick

TAKE COD LIVER OIL the New  
Tasteless Way—in Sugar  
Coated Tablets.

In just a few days—quicker than you ever dreamt possible—these tablets called McCoy's Cod Liver Oil Compound Tablets will start to help any weak, thin, under-nourished child grow strong.

After sickness and where rickets are suspected they are especially valuable. No need to give them an unpalatable Cod Liver Oil—these tablets are made to take the place of that good but evil smelling, stomach upsetting medicine and they surely do it. They do put on flesh.

Ask the Dr. Drug Co. or any druggist to give McCoy's Cod Liver Oil Compound Tablets—at easy to take as candy and not at all expensive—\$6 tablets, 60 grains.

Be sure and get McCoy's, the original and genuine and give the child a chance to grow strong. You will be delighted with results your druggist is authorized to give you your money back. Millions of boxes sold yearly—so beware of imitation.

McCoy's Laboratory, New York City.

House Dresses, Third Floor, Wabash Avenue Building.

Negligees, Third Floor, North.

## PARIS DIVORCE IN SIGHT; RUDY ON WILD PARTY

French Court Agrees to Hear Wife's Suit.

BY HENRY WALES.

[Chicago Tribune Press Service.]  
PARIS, Jan. 13.—Rudolph Valentino's real name is Guglielmo is up to his ears in a grand celebration tonight. He is celebrating the fact that the wheels of the French divorce mill have actually commenced to turn with the prospect of grinding out a divorce decree, which his wife recently asked. The movie sheik emerged from the

gloom which settled on him only this morning when come crepe hangers brought up the possibility of complications resulting from the supposed suspicion in the minds of the judges as to the collusion between Rudy and Mrs. Winifred de Wolfe Hudnut Valentino. But Paris courts are experienced enough to know there is liable to be some kind of friendly collusion in every uncontested divorce case. In admitting jurisdiction the judge seemed perfectly amiable, obliging and willing to hurry enough perhaps to enable Rudy to sail homeward next week a free man.

World Never Looked So Rosy.

And so the sheik is rampaging on Montmartre hill tonight, where the style of the world's most expert rambagers is never cramped.

While dressing for tonight's festivities he averred that he never knew the world could look so rosy. Strutting about his royal suite at the Plaza Athenee, the gleam of his white shirt front framed by his rich green dressing robe was only half as bright as the smile radiating from his well known features. He paid decent respect to the bruised body of his battered romance which was dragged through the courts today and soon dispatched it as

being altogether totally lacking for the spirit of the occasion as he tilted his silk hat and sauntered forth.

A swank party numbering the leading lights of Paris night life gathered at a colored cabaret for the evening's activities and to congratulate Rudy.

Admits Wife Right to Sue.

Rudolph was not in court when the jurisdiction question came up today and his lawyer discreetly referred to him as M. Guglielmo. His wife's attorney called her Mme. Winifred de Wolfe Valentino. She is the widow of a resident of Indiana, a state permitting divorce on grounds of desertion, and that she has maintained a legal domicile in Paris.

The movie sheik's mouthpiece said the husband admitted his wife's right to sue in France and insisted M. Guglielmo had legally become a resident here, too.

Were Married at Crown Point.

Mrs. Valentino, who in the motion picture world is known as Natacha Rambova, began suit for divorce in Paris on Dec. 17. She is the widow of Fred de Wolfe and was adopted by Richard Hudnut of New York. She married Rudolph at Crown Point, Ind., March 15, 1923. Mrs. Valentino is now in Hartford, Conn.

## ROUMANIA ROW OVER CAROL PUTS REGIME IN PERIL

[Copyright: 1926: By the New York Times.]  
BUCHAREST, Jan. 13.—The abdication of Prince Carol has left considerable political difficulties in its wake in

request for parliamentary ratification of the appointments until the country had quieted down, but the king decided to present the council of regents at once. The opposition parties objected violently to the selections made and refused to vote the law instituting the regency and also that proclaiming Prince Michael heir to the throne and modifying the status of the royal house.

In order to prevent trouble breaking out the government established a censorship throughout the country forbidding newspapers to discuss the motives which determined Prince Carol's renunciation.

Discord Good Report.

The opposition parties say they do not believe the official reasons given for the prince's action despite the government statements that it assumes all responsibility and that Carol's reasons were purely sentimental. Public opinion is greatly excited over the whole affair and the authorities fear trouble may start at any time.

Prince Carol has selected Milan as his residence and as the Princess Helena said she would not ask for a divorce a new law has been voted stipulating that if Prince Carol obtains a divorce in a foreign country, it would not have any legal effect in Roumania.

Zenith Station

**W-J-A-Z**

Broadcasting Hours

Wednesday and Saturday evenings broadcasting by remote control. Musical Program of the Opera Club (Chicago) Dance, Orchestras, 9 P. M. to 2 A. M.

Thursday Musical Program from Zenith Spanish Garden Studio, Straus Building, Chicago, 10 to 12 P. M., and Sunday Special Musical Program 7 to 9 P. M.

Central Standard time.

## Zenith Apologizes —for its inability to make all deliveries of Zenith Radio Sets

Zenith is made in Chicago to operate in a territory where 27 broadcasting stations are located—the most difficult conditions for radio reception in the world. Excellent results in Chicago mean unmatched performance elsewhere.

The complete Zenith line includes ten models, each in its class an outstanding value. From \$100 up.

ALL PRICES F. O. B. CHICAGO

**M**ANY who wished to have Zenith radio instruments in their homes by Christmas have been disappointed. The demand for Zenith was too great.

We are now, however, in a position to make **guaranteed deliveries**—of some models within 60 days; of others within 30 days; of others within one week. It is strongly advisable to place your order **now**. We regret exceedingly that anyone should have had to wait for his Zenith...

We could, indeed, have forced production, slighted inspections, and sent out a larger number of radio sets bearing the Zenith name.

But—Zenith's reputation has been won on **outstanding merit**. Anything less than the best within Zenith's power to produce would have been a betrayal of confidence.

### Zenith Quality Will Be Maintained

It is impossible to make a radio instrument possessing Zenith tone-quality, embodying Zenith craftsmanship, unfailingly responsive to demands for Zenith performance, by ordinary rush-production methods.

It is impossible to make Zenith to sell at a lower price. In order to maintain Zenith quality it may be necessary to raise our prices in the future, for our unswerving aim is to make the finest radio set that can be built; then and then only to affix a price.

Not every dealer handles Zenith. Many we will not permit to do so, because of their exaggerated representations, false promises, lack of service. Zenith dealers are carefully selected. They are prepared to render service and to keep you satisfied as long as a Zenith remains in your possession.

Whatever else you do—see Zenith—listen to Zenith—before you finally select your radio set. You don't need the full cash purchase price to obtain the finest in quality. An \$80 down-payment will put a Zenith in your home. Is it not better to place your order now and wait one week for a Zenith than to buy an inferior set and because of dissatisfaction lose your investment? Phone or write us and we will advise you of your nearest dealer.

# \$5,000,000 in 4 Months

## Sales Records Broken!

The total accounts received by us from investors in our last great investment enterprise reached \$5,106,275.00 in four months' time. This shows the public's faith in our integrity and judgment. It is also an amazing illustration of how simple it has been for real estate investors to grasp the safety and yet unlimited possibilities of our plan. We doubt that so great an opportunity to invest so little to make so much has ever been offered before.

This is the largest grounds building in Chicago, containing a branch office of every department of our business, a restaurant, and an observation tower from which one may enjoy a beautiful panoramic view of surrounding development.

## THE BARTLETT PLAN

EVERYONE knows that thousands of wealthy Chicagoans have built, or are building, their homes outside the old congested districts, in new, clean neighborhoods. Such development, combined with natural beauty of topography and convenient transportation, is making this area the most beautiful residential district in the world. But supply of this exclusive territory, in face of ever-increasing demand from Chicago's growing population, is limited. Like the seashore, "It's all there is—there isn't any more." That's why values are increasing from \$10,000 to \$25,000 and more per lot.

All these new exclusive streets of valuable frontage only a short time ago were acreage you might have bought for a song. A few years ago some of this acreage still existed in the heart of a built-up Chicago community. The former owners of this tract, desirous of liquidating their holdings, decided to dispose of it for cash. Our enormous cash buying power enabled us to secure the entire tract at an amazingly low cost. Now we are ready to offer our friends and customers the opportunity to share our bargain.

### 24,000 Feet of Residence Frontage

And 6,000 feet of business locations will go at only a portion of the retail value

Under the Bartlett Plan hundreds of valuable lots on restricted residence streets, and strategic car line street business locations will be sold in bulk, thus slashing prices in the entire tract which will include many units small enough to give investors of moderate means the same proportionate profit-making opportunities for their savings as the large investor usually enjoys.

The sale will be held in the heart of this new highly restricted property, inside Chicago's city limits, where you can see developments extending on all sides and appreciate strategic location. City schools, churches, theatres and one of the busiest shopping centers of Chicago are within easy access. With rapid transit railroad stations two

## AUTOPSY ORDER FOR APRIL FARM BABY ABANDONED

Albion, Pa., Jan. 12.—[Special.]

—Following a talk with Miss Bettina Hoey, District Attorney Boyle has decided to drop proceedings against her and abandoned plans to exhume the body of Barbera Hoey, alleged illegitimate infant daughter of Charles Garland and Miss Hoey. The child died in the April Farm love colony last October.

"But we are going to rid this locality of the free love crowd and will proceed against Garland," the district attorney stated.

### Mother Surrenders.

Detectives today combed the many ramshackle outbuildings of April Farm in search of Miss Hoey. She surrendered to authorities tonight at eight o'clock.

Miss Hoey, blue-eyed, blonde, and bobbed, died the April Farm colony yesterday after she learned a warrant had

been issued for her as a misdemeanant. At the same time Garland was arrested for adultery and released on bail.

Miss Hoey returned from a hurried

trip to New York, where she consulted counsel, and went directly to the office of District Attorney Boyle and told her story. At its conclusion the district attorney said his suspicions that a result of foul play had been dispelled. The girl's story, he said, convinced him the death was due to natural causes.

### Admits Garland Father.

Mr. Boyle said the story of Miss Hoey sought to evade nothing, was circumstantial, and an admission of all the main facts in the case against her.

"Miss Hoey admits the maternity of the child, Barbera," Mr. Boyle said. "She admits that Garland was the father. After an examination lasting more than an hour I ordered her release subject to call as a witness against Garland."

Garland, following his release under \$1,000 bond, called a meeting of the April Farm residents. All present declared they would stand by him and remain in the colony.

### Wife Also Offers Aid.

It also became known that his wife, Mrs. Mary Preston Wrenn Garland, called him by long distance telephone

from Boston. She offered to aid his defense.

Attorney Jacob Krohn of Easton, Pa., counsel for Garland, arrived here tonight. He is to be associated in his defense with the legal department of the Civil Liberties Union of New York, reported to have been endowed by Garland following his inheritance of \$1,000,000.

It was learned tonight that negotiations have begun to secure the services of Clarence Darrow, Chicago attorney, in defense of Garland.

### ANTI-DAYLIGHT SAVERS TO HAVE CHANCE AT LAW

Opponents of daylight saving will be given an opportunity to air their views tomorrow at a meeting of the judiciary committee, which has before it a resolution to repeal the law.

Mr. M. Arvey [24th], chairman of the committee, said yesterday that hearings will be held early this year to avoid any last minute battles such as were experienced in 1925.

The 1925 summer time went into effect on April 26, and on April 25 the council called a special meeting to consider repeal of the law, but the government was defeated.

## VATICAN REJECTS MUSSOLINI PLAN TO WIN CHURCH

ROME, Jan. 12.—[AP]—Premier Mussolini's careful maneuvering to heal the historic breach between church and state, constituting one of fascism's most important policies and one of Mussolini's pet ambitions, have suddenly encountered an unexpected, and perhaps serious, obstacle.

A Vatican statement, apparently emanating from the papal nunciature and an intimation that the Holy See would not be satisfied with anything short of absolute freedom of action, has brought forth a storm of controversy. It is clearly seen that the Fascists will refuse a concession of such magnitude.

The government remains silent, but the Fascist press "regrets" that the statement has been printed.

### Church Demands Full Freedom.

The Observatore Romano, the Vatican organ, says:

"The government must provide for

the Holy See that condition of full liberty of independence, real and apparent to the whole world, to which it is entitled; it then must proceed to re-establish that just law by agreement between the two authorities."

With reference to the proposed ecclesiastical reform bill, Observatore Romano says: "It is not correct to talk of collaboration by the government and the Holy See. The proposed bill is the work of the government, the ecclesiastical authorities having no part in it. If it contains improvements on past unjust legislation, it still is far from presenting what is necessary for complete reparation and total religious pacification of the country."

### Insist Law Be Abolished.

The paper demands immediate abolition of the law of guarantees, by which the Italian government defined the status of the church, which was recognized and accepted by the Vatican.

The press points out that the Vatican's statement, apparently emanating from the papal nunciature and an intimation that the Holy See would not be satisfied with anything short of absolute freedom of action, has brought forth a storm of controversy. It is clearly seen that the Fascists will refuse a concession of such magnitude.

The government remains silent, but the Fascist press "regrets" that the statement has been printed.

### Church Demands Full Freedom.

The Observatore Romano, the Vatican organ, says:

"The government must provide for

## COOLIDGE BACKS MELLON ON DEBT PAYING POLICY

Frowns on \$500,000,000  
Income Tax Cut.

Washington, D. C., Jan. 12.—[Special.]—President Coolidge took a stand in opposition to the Democratic proposal to increase the tax reduction total to \$500,000,000.

The President, according to his views as made known officially at the White House, favors the retirement of the public debt with the utmost rapidity. He would like to see all of the \$500,000,000 debt paid out within twenty-five years, as contemplated by the treasury. He regards as unusual the plan proposed by Senator Simmons (Dem., N. C.) to increase tax reduction by \$175,000,000 over the amount of the house bill by applying foreign debt payments to the sinking fund instead of cutting down the debt by this sum in addition to the statutory sinking fund.

Opposition to the action of the senate finance committee in repealing the capital stock tax and increasing the flat tax on corporation earnings was expressed today by Representative Green (Rep., Ia.), chairman of the house ways and means committee. A statement issued by Mr. Green made it appear probable that if the senate passes the bill in the form proposed by the finance committee the house conference will refuse to accept it.

### HOLD SCOFIELD DOUBLE KILLING INQUEST TODAY

(Picture on back page.)

An inquest will be held at 10 a. m. to day into the deaths of Mrs. Josephine Stahlberg and Albert Scofield, a suitor, whose bodies were found in the Stahlberg home at 4510 Gladys avenue early yesterday by Charles, 10 year old son of Mrs. Stahlberg.

The Stahlberg children, Charles, Dorothy, 7, and Robert, 3, were taken to the home of their aunt, Mrs. James McCormick of 4322 West Van Buren street.

The police still believe Scofield killed his former landlady, then himself, when he discovered that she preferred a younger man.

George Carter was questioned by the Pilsbury street police. He was referred to in a letter received by Mrs. Stahlberg from a niece, as "your new beau," but convinced the police he was only an acquaintance.

### HOUSE DISCUSSES DEBT OF ITALY; O. K. IS FORECAST

#### Both Parties Favor Approval.

Washington, D. C., Jan. 12.—[Special.]—Consideration of the debt settlements with Italy, Belgium, and other European nations got under way in the house today, with both Republicans and Democrats championing them, but with some opposition to the Italian agreement. Approval of the bills appears a certainty.

Representative Collier said that the Italian settlement is not fair to those nations which have funded their debts on different terms.

"I opposed the British debt settlement as too lenient," said Mr. Collier. "Yet this was made the yardstick of what settlements should be. Now Italy comes along with a settlement which does not even remotely approach the British."

Ignition Trouble Forces  
Air Mail Plane to Earth

Forced down by ignition trouble, the west bound mail plane from New York to Chicago landed last night near Hobart, Ind. Another plane was sent from Maywood to get the mail.

Montreal, Que., Jan. 12.—[U. N.]—On the heels of Mrs. Anne U. Stillman's divorce action against James A. Stillman, Fred Beauvais, the Indian guide who played such an important part in the banker's suit five years ago, has again taken a hand in the game.

Beauvais has gone to Three Rivers, Que., to press his own suit against Mrs. Stillman for \$7,000, which he says is due him for "back wages and expenses" in obtaining defense witnesses for the Montreal hearing of the original Stillman case.

Mrs. Stillman's attorneys have asked that the trial of the Indian's suit be delayed until February. Beauvais hopes to prevent further delay.

The claim is understood to be disavowed by Mrs. Stillman's attorneys on the ground that the Indian, who had been accused of being the father of Guy, the youngest Stillman child, was acting in his own defense.

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Menth-Sulphur.

The pimple seems to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur in a pimple remover. It is harmless and inexpensive. Just ask any druggist for a jar of Rowles Menth-Sulphur.

Let a trial of Menth-Sulphur show what this means to you. Send the coupon for it. Clip it now.

## EARTH'S END SET BACK FEW EONS BY ASTRONOMER

And He Counts and Tells  
How Stars Are Made.

BY SIDNEY SUTHERLAND.

"Do you want to know where the end of the world is?" he said. "And how long the world has been here?" Likewise

"how many stars are there?"

"Well, these questions were answered last night; and many other amazing statements were made by the man best qualified in America to talk on the subject. Orchestra hall was packed, in spite of a snarling, razor edge wind."

"One of the world's foremost

astronomers," the announcer said, "will speak to you this evening. Prof. Forest Ray Moulton, head of his department at the University of Chicago,

whose contributions have won him numerous high honors, and who gave in-

valuable aid to our country during the world war by his work on ballistics."

Fascinating Views Shown.

"Fascinating stereoscopic views illus-

trated Dr. Moulton's lecture, which was absorbed by a silent, attentive

throng. And here are some of the as-

tonishing things he told:

"Planets, such as our earth, are born when suns come close enough together for their chemical and meteoric forces to set dynamical evolution in motion. There is first a spiral nebula which, as the countless aeons pass, slowly con-

volves itself into a globular system of billions of particles, each containing cool, attractive billions of tons of mineral particles floating through space, and finally is capable of holding atmosphere and water."

"When the water trickles down into

the hollows and mingles with the soil it has created by attrition, life is born and world evolution sets in."

"Now, by reason of scientific research, we know approximately how long it takes for these chemical forces to do all that set forth. So we know that about 5,000 million years ago this world was part of a spiral nebula. And it is easy to calculate that our sun will pass close enough to another star to break up its planets and our own into frag-

ments and start dynamical evolution all over again in 1,000 times a million times a million years! This is repre-

sented by the figure 1, followed by 15

zeros."

New Devices, New Knowledge.

"Up to a few years ago astronomers used a unit of stellar measurement called a 'parsec,' which was 20,000 times a 100 million miles in diameter. Surely, they said, that would enclose every star in sight. This would be 'our' solar system."

"But new telescopic achievements and

new scientific knowledge revealed that that sphere would include only one star—our own sun. This occasioned dis- may, but it was brief; and photographic

feats revealed that, while there are

thousands of millions of suns in our

galaxy, our galaxy is but a grain of

sand as compared to our world."

A galaxy in shape resembles a watch

lying on a table. From the crystal to

the back, case our galaxy is 30,000

light years thick, and it rotates at

180,000 miles a second. From stem

to hinge our galaxy is 200,000 light

years across."

And our galaxy is only a minute

speck in the universe. The super-

galaxy, which includes ours and a few

million other galaxies we know about

is more than a billion light years

across its longest way. And beyond

the super-galaxy are other super-gal-

axies—until one grows dizzy at the

pitiful attempt of finite brain to con-

ceive of them."

## FRIENDS TURN ON FRENCH CABINET; CHEER HERRIOT

PARIS, Jan. 12.—(AP)—The war between the government and the principal group in its majority in the chamber of deputies broke out again today, even before the chamber opened its new session. The radical group which represents in the cabinet measures just before New Year's, repudiated them this morning and declared they would support the substitute measures unless the minister of finance abandoned his bill applying a stamp tax to all business transactions.

The finance committee, which is dominated by the radicals and Socialists, rallied to this declaration of hostilities. It decided to report in favor of maintaining the provisions of the Loucheur

bill, whereby the three billion francs new taxes levied in the measures adopted just before M. Loucheur resigned were to be held strictly as a guarantee for the retirement of the new bank notes issued at that time. M. Doumer had proposed that this revenue be applied to the regular budget.

The significance of the attitude of the radicals and Socialists was graphically shown by the ovation given M. Herrriot when he was declared reelected president of the chamber this afternoon. The maneuver, as commented on in the chamber Journals, appears to tire Premier Briand out by opposition on the details of the important measures endorsed by the cabinet and oblige him to resign and make way for the return of M. Herrriot.

POSTOFFICE ROBBED.

Cairo, Ill., Jan. 12.—(AP)—The postoffice safe in the store of R. L. Smith, 1000 Villa Ridge, was blown open last night

and \$300 worth of stamps, postoffice supplies

and a small amount of money, stolen.

Direct "L" service between WEST-CHESTER and the Loop will mean convenient transportation for home owners and tremendous profits for investors. "L" trains will be running by early Spring.

Requests for information about WESTCHESTER are being answered in the order of their receipt.

## It worried him

HE had just fumbled one of the biggest orders of the season. And he thought he had it cinched.

But at the critical moment as he warmed up to his closing argument and edged closer to the purchasing agent, his prospect turned his face away and seemed to lose all interest.

The order went to a much less experienced salesman.

You, yourself, rarely know when you have halitosis (unpleasant breath). That's the insidious thing about it. And even your closest friends won't tell you.

Sometimes, of course, halitosis comes from a dental or medical disorder that requires professional advice. But usually—and fortunately—halitosis is only a local condition that yields to the regular use of Listerine as a mouth wash and gargle. It puts you on the safe and polite side. Moreover, in using Listerine to combat halitosis, you are quite sure to avoid sore throat and those more serious illnesses that start with throat infections.

Listerine halitosis fermenter rinses the mouth and leaves the breath sweet, fresh and clean. Not by substituting some other odor but by really removing the old one. The Listerine odor itself quickly disappears.

This safe and long-continued antiseptic has dozens of different uses; note the little circular that comes with every bottle. Your druggist sells Listerine in the original brown package only—never in bulk. There are four sizes: 1/4 ounce, 7 ounces, 3 ounces and 1 1/4 ounce. But the large size for economy. Lambert Pharmacal Company, St. Louis, U. S. A.

## Sore throat is dangerous

Give it antiseptic treatment all day long wherever you happen to be

SORE throat is a danger warning that germs are at work, sending their poisons throughout your entire system.

Give it vigorous antiseptic treatment. And make that treatment continuous—not just a spray or gargle night and morning.

Formamint provides a throat antiseptic of proved germicidal power that you can carry with you and take at frequent intervals all day, wherever you happen to be.

To treat sore throat—take a tablet every hour or so. To prevent infection, take one about every two hours whenever you are exposed to disease, dust or cold. All druggists.

To enable you to test Formamint, we will send you a metal pocket case of Formamint tablets on receipt of four cents for postage. Address Bausch Chemical Co., Dept. 55, 113 W. 18th St., N. Y.

17

Years of Leadership

Here is how THE BOSTON POST "Tops them All" in Daily Circulation

62,922 MORE than the 3 Boston Evening Papers COMBINED

143,992 MORE than other 2 Boston Morning Papers COMBINED

In addition to having this overwhelming circulation supremacy over other Boston daily newspapers, the POST has another great advantage for advertisers: being strictly a morning paper without "pre-date" editions, there is absolutely no duplication in its largely home-delivered circulation, whereas there is a very heavy duplication in the case of all the others, excepting the Transcript.

Although a large portion of the circulation of the Boston evening papers is printed in the morning and around noon-time for street sales, yet it is all credited below as "EVENING" circulation.

Net Paid Circulations from latest sworn statements—Sept. 30, 1925—of Boston newspapers

MORNING

Boston Post . . . . .	378,597
Boston Globe . . . . .	127,558
Boston Herald . . . . .	107,047
	234,605
Post's lead over TWO Morning Papers combined . . . . .	143,992

EVENING

Boston Globe . . . . .	151,252
Boston Traveler . . . . .	129,504
Boston Transcript . . . . .	34,919
	315,675

Post's lead over THREE Evening Papers combined . . . . . 62,922

As the Boston Advertiser and Boston American have pre-date and early editions, they cannot be classified either as "morning" or "evening" papers. Both are on sale practically all day. The total circulation of the American's nine editions is 223,810, and the Advertiser's five editions is 130,047.

As the Boston MORNING Post "Tops Them All" in Week-Day Circulation—quite naturally it also "Tops Them All" in WEEK-DAY Advertising

Here are totals of week-day Display Advertising published in Boston Newspapers during year 1925 as reported by the Boston Newspapers' Statistical Bureau. Classified Advertising not included.

	LOCAL Display	NATIONAL (General)	GROCERIES & Food Products	WOMEN'S Specialties	AUTOMOBILE Display	BUILDING Materials	RADIO Display	TOTAL Display
Boston Post (Morning Only)	5,158,787	2,361,051	971,778	548,999	249,267	77,064	359,730	8,167,015
Boston Globe (Morning & Evening)	4,427,876	1,512,562	739,157	419,426	225,354	21,729	138,388	6,526,688
*Herald-Traveler (Morning & Evening)	4,416,578	2,063,902	881,207	507,398	235,712	73,719	285,527	8,132,907
American (All Day)	2,867,969	947,516	461,475	237,109	94,034	6,401	139,056	4,069,957
Advertiser (Late Evening & Morning)	905,312	194,723	68,777	199,775	12,884	250	5,719	1,158,212

\*Totals include all business run in week-day editions of Herald and Traveler, but excludes advertising run in week-day Traveler in combination with Sunday Herald.

In its week-day editions, comparing 1925 with 1924, the Boston Post GAINED 262,131 lines of LOCAL display advertising and 299,203 lines of general NATIONAL advertising. The Post's GAIN in general NATIONAL advertising was greater than that of ALL THE OTHER BOSTON NEWSPAPERS (week-day issues) COMBINED.

## FOUR BANKS PICK NEW CHAIRMEN IN ANNUAL VOTING

First National's Capital  
Raised to \$15,000,000

Four new chairmen and one president were created among a multitude of other promotions and elections at annual meetings of Chicago banks yesterday.

Craig B. Hazlewood, vice president of the Union Trust company, was elected chairman of the board of the Lake Shore Trust and Savings bank. H. N. Matson and D. J. Devereau were elected assistant cashiers. Mr. Hazlewood has been a member of the board of directors since the organization of the bank.

New First National Directors.

Ira N. Morris, Albert H. Wetten, and Mark W. Cresap were made new directors of the First National bank. James B. Forgan and Walter M. Heymann were elected vice presidents and A. N. Cordell, H. A. Anderson, and H. P. Snyder were promoted from assistant vice presidents to vice presidents. Emil A. Spike, who has been a member of the New York office of the First-Chicago corporation, a subsidiary, was also elected a vice president. Other changes were: A. B. Johnson, assistant vice president, and M. J. Hardacre and Albert G. Keck, assistant cashiers.

Stockholders authorized an increase of \$2,500,000 in the bank's capitalization, raising that item from \$12,500,000 to \$15,000,000. The additional 25,000 shares will be offered to stockholders at par.

Heads Liberty Trust Board.

Walter M. Heymann was elected chairman of the board of the Liberty Trust and Savings bank and Adolph S. Heuer took his place as president. Howard Hughes, president of the Chicago State bank, was also elected chairman of the board.

Stockholders of the Madison-Kedzie State bank elected Benjamin Kulp chairman of the board. A. G. Gulbransen and J. T. Mammosser were elected new directors. Mr. Mammosser was selected vice president. J. P. Lenehan was made assistant cashier, taking the place of P. A. Schroeder, who was selected cashier.

Results of Elections.

Other changes reported are:

CHICAGO TRUST COMPANY—Col. George F. Buckingham, director; Dayton Keith, vice president; Howard H. Hilton and William J. Kelly, second vice presidents; John W. Martin, assistant vice president; W. R. Waller, manager of the national division of the bond department, and Luctus Hilton, assistant manager of the bond department.

CONTINENTAL AND COMMERCIAL NATIONAL—Edward E. Barker and Albert J. Miller, second vice presidents; W. H. Burtis and Fred C. Venables, assistant cashiers.

DRIVERS' NATIONAL—Dale Chamberlain, vice president, and George A. Malcolm, cashier, was made vice president and cashier.

DRIVERS' TRUST AND SAVINGS—Charles

S. Brinthal and Murray M. Ostaf, vice presidents. Directors voted to transfer \$100,000 from undivided profits to the surplus account, bringing that item to \$350,000.

FIRST TRUST AND SAVINGS—William K. Harrison, assistant vice president; E. Schlesinger, assistant cashier, and E. H. Dennis and R. L. Grinnell, assistant secretaries. Stockholders authorized an increase of \$1,250,000 in the capitalization, bringing that item to \$7,000,000.

INDIANA TRUST AND SAVINGS—Louis W. Fischer, assistant trust officer.

FOREMAN NATIONAL—Elmer L. Carson and James B. Galligan, assistant cashiers.

LINCOLN STATE—Addison E. Avery, director and John C. Cullen, director and vice president.

NATIONAL BANK OF THE REPUBLIC—Aaron Colon, director; C. P. Walker, vice president in charge of savings; O. W. Frits, assistant vice president; E. C. Forni, cashier; and R. L. Grinnell, assistant secretary. Stockholders authorized an increase of \$1,250,000 in the capitalization, bringing that item to \$7,000,000.

NORTHERN TRUST—Louis W. Fischer, assistant trust officer.

UNION BANK OF CHICAGO—Alexander H. Revell Jr. and D. A. Barron, directors.

UNION STATE BANK OF SOUTH CHICAGO—Andrew H. Hansen, director.

WESTERN STATE BANK OF CINCINNATI—Joseph E. Snitke and John E. Jekan, assistant cashiers.

WILLIAMS TRUST COMPANY—Harold H. Norwell, William H. Barker, Laurence B. Robbins, and K. L. Fodick, vice presidents; James A. Bussey, Leslie H. H. Johnson, and James L. MONTE CARLO

By E. PHILLIPS OPPENHEIM

U.S.  
Patent Office

**SYNOPSIS.**  
Sir Hargrave Wendeve, country gentleman and financier, calls on a famous London physician for examination. The doctor tells him he cannot live for more than six or eight months. Wendeve takes the blow standing and decides to go on with his plans for the winter as though nothing had happened. He feels, however, an urge to give a lift to some poor fellow creatures. He experiments on the people he comes in contact with until he finds one who is in trouble.

This proves to be a delicate looking maid-servant, Violet Martin, who serves him regularly. He offers her and a member of her family a vacation of two months at his villa at Monte Carlo. Not having any family, Violet induces her fiancé, Robert, to go with her. They fly themselves to the villa. Their host gives them a free rein in Monte Carlo, and there they themselves have a good time.

Wendeve's London cronies, the Rev. Philip Gorse, John Marston, his financial adviser, and Lord Pellingham arrive at Monte Carlo. Wendeve gives a supper party for his friends at the Carlton, and among his guests is the Princess Putralka, a great beauty, to whom he has paid marked attention.

INSTALLMENT XXVII.  
ECSTASY.

The stock broker looked at Hargrave curiously. He was very spruce and pink and white, even after his journey, but he had a kindly expression.

"I say, Hargrave, old fellow," he ventured, "there's nothing wrong is there—nothing you haven't told your friends about yourself? It doesn't seem to me that you've been the same man since the night of that little dinner you gave for us in your flat."

"Nothing for anyone to worry about," was the quiet reply.

"You are in splendid shape, I assure you, and according to the papers you supposed to be quite the leader of the revels here." Marston went on thoughtfully. "All the same, I've never forgotten that question you put to us, and somehow or other one mixes it up in one's mind with this affair. Makes one think, you know, what?"

"Ah, well, don't," Hargrave begged—"at any rate so long as you're down here. I'm glad to see you, but you can put business out of your mind for a day or two. Anything might happen. A kindler impulse might swamp my present intentions, or the marrache—a most attractive woman, Johnnie—might be in a soft moment and beguile me—she's rather one's conception of a light complexioned Delilah—but at present things remain as they are. That's my last word. Come along, let's get your tickets for the rooms."

The stock broker took a quick, well-considered argument was useless.

Hargrave, towards midnight, the evening, with a word of apology to his

guests, crossed the floor of the Carlton in the brief interval between two dances, and approached a small table in the background where Violet was seated alone. Although she was a little nervous at his coming, her eyes welcomed him with delight.

"Where is your brother?" he inquired.

"Robert," she confided, "is behaving rather badly. I think it is only

because he is thoughtless," she went on, "but I do not like being left here at all. He is talking to some friends somewhere."

Robert was seated at the table of the little French danceuse, Mademoiselle Zazie.

"I am afraid he is a little annoyed with me," Violet explained. "You see, although I know what Monte Carlo is, and that everybody knows one another here, I didn't wish to have mademoiselle sit with us."

### Cosmetics and Rich Food Bad for Skin of Growing Girls

By *John C. Goss*

The skin of the growing girl is frequently a cause of great unhappiness both to the girl herself and the parent in charge.

A little girl at eight or ten, noted for her fine, soft, and smooth skin, may commence at puberty to have pimples and blackheads on her nose, cheeks, and forehead. About this time the girl becomes more conscious of herself and her appearance, and these facial blemishes worry her. They are frequently aggravated by her attempt to copy her elders in applying skin foods, powder and rouge, which she should not be permitted to do.

Not all the blemishes concurrent with this period of a girl's life are preventive. While the body is developing, the tiny glands in the skin are undergoing great changes. These changes cause the pores to pour out oily matter, perspiration and sebum, all of which naturally brings about a muddy complexion in some girls, or redness of the nose or pimples on the face. The skin is clearing itself and making ready for the woman's complexion.

Some girls go through this period of development without any marked

change in their complexion. Others, especially brunettes, will have a broken out face. Girls of nervous temperament are apt to have more or less of a spotted complexion during their early years.

Instead of using cosmetics, the young

### HAROLD TEEN—SUCH A LIFE!

girl must allow her skin full freedom so as to get rid of all the material that is trying to free itself. The sweating process should not be stopped.

Attention should be given to diet, proper washing and carefulness in personal habits. The young girl is apt to

magnify each little blackhead and pick the face with the fingers, infecting the blackhead area and causing unsightly blemishes to appear. Acne frequently results if health habits are not right and strict cleanliness of the skin not attended. Acne is predominantly a

disease of youth, but it may pass on to adult life unless strict hygiene is observed. The best means of prevention is to forgo use of any cosmetics, and to limit the candy eating and soda water drinking. And to avoid rich, greasy foods.

Outdoor exercise is essential at this time of life. Walking to school is a habit that should never be abandoned for motor or street car. After school a certain amount of time should be given for outdoor recreation daily.

## SCALPING BILL TO COUNCIL WITH COMMITTEE O. K.

Gives Public 50-50 Split  
on First 15 Rows.

The ordinance offered by loop theater managers to legalize ticket scalping was recommended to the city council for passage yesterday by the council committee on judiciary. The committee voted on the measure was 9 to 3, and Robert Barber [17th], Wiley W. Mills [37th], and Francis L. Boutelle [4th] voted in favor of the bill.

The new ordinance, which is the outcome of the committee's investigation, provides that half the seats in the first fifteen rows will be held for sale in the box office and the other half will go to brokers, who are permitted to charge a premium not exceeding 50 cents.

### Penalties Provided.

In the event that the broker violates his agreement with the theater and charges more than this premium, the theater is obliged to cut off the broker's supply. Failure of the theater to live up to its part of the agreement will result in revocation of license.

No arrangement is made whereby the city will have a check on distribution of the tickets.

ADM. Donald S. McKinlay [19th] endeavored to get the measure amended to provide holding half the house for the public and half for the scalpers, but his plan was voted down.

### See Finish of Small Scalper.

Under the new bill it is expected that the small broker will be forced out of business and that a merger will be effected by the larger concerns. Such an arrangement, it was pointed out, would be satisfactory to the man who, since it would remove the necessity of dealing with and controlling the small operator.

### Swedish Queen Ordered to Warmer Climate for Health.

STOCKHOLM, Jan. 13.—(AP)—The health of Queen Victoria of Sweden has taken a turn for the worse. It was announced semi-officially today. The court physicians have advised an early trip to a warmer climate.

### MAYOR DIES

### PRESIDENT ASKS INVESTIGATION OF M'CRAY'S HEALTH

Washington, D. C., Jan. 13.—(AP)—An investigation of the health of former Governor McCray of Indiana, who is serving a prison sentence at Atlanta, has been directed by President Coolidge to determine whether he should be granted executive clemency.

The president of the department of justice on McCray's release is before the President, but it is unlikely he will take action until informed whether the prisoner's health would be jeopardized by continued confinement.

McCray was sentenced to ten years in prison after he was found guilty of using the mails to defraud while governor. It was disclosed at the White House that the district attorney who prosecuted him had uttered strong objection to commutation of sentence. He has served about 18 months.

McCray was born in Chicago fifty-nine years ago, his father having been an official of the Illinois Central railroad.

He was 10 years general salesman for Eitel Brothers, and later for the Manitou Springs company. He was elected a member of the Democratic county central committee in 1904. In 1913 he was appointed as personal aid on the staff of Gov. Edward F. Dunne, a position that carried with it the rank of colonel.

Funeral services will be held Friday morning at 9:30 o'clock at the home of his sister.

### W. P. THORNTON DIES AT PHONE; RITES TOMORROW

Attorney William P. Thornton, 72 years old, died suddenly in his home at 4227 Ellis avenue Monday while he was being advised over the telephone by his physician in regard to his illness.

The lawyer called Dr. A. L. Craig, who has offices in the Ashland block. The physician was questioning his patient when he noticed that the other failed to reply. He notified the police, who found Thornton lying dead on the floor near the telephone. Death was caused by apoplexy, it was found.

Attorney Thornton was advised to live from his first wife. He married again and his second wife died in 1921. A year later he remarried his first wife, Margaret W. Thornton. Mrs. Thornton was visiting with friends when the death occurred.

Funeral services will be held at 3 p. m. tomorrow in the Graceland cemetery chapel.

### Mrs. James A. Houston Dies Suddenly in Home

Mrs. Mary Houston, wife of Dr. James A. Houston, died suddenly yesterday afternoon in her home, 224 South Harvey avenue, Oak Park. She was the mother of ten children, of whom eight are living. She was one of the earliest members of the W. C. T. U. and since girlhood had been an active worker in the Methodist church.

At the age of 82 she wrote a book of memoirs, giving a record of northern Indiana from 1850.

Memories, giving a record of northern Indiana from 1850.

### DEATH NOTICES

IN MEMORIAM  
HEISLER—Helen C. Heisler, in loving memory of our dear son and brother who passed away Jan. 13, 1920.

Rest in peace, my son.

Yours in love,

MOTHER, DAD, HELEN.

SAUNDERS—In memory of Victor Channing Saunders, who died Jan. 13, 1921.

### JAMES K. FINN, LOCAL DEMOCRAT CHIEFTAIN, DEAD

Col. James K. Finn, prominent for many years in the local Democratic party, died last night at the home of his sister, Mrs. Dan Lummis, 601 Woodlawn avenue. He recently had an operation at the Mayo brothers' sanatorium, Rochester, Minn., and never fully recovered.

He was born in Chicago fifty-nine years ago, his father having been an official of the Illinois Central railroad.

He was 10 years general salesman for Eitel Brothers, and later for the Manitou Springs company. He was elected a member of the Democratic county central committee in 1904. In 1913 he was appointed as personal aid on the staff of Gov. Edward F. Dunne, a position that carried with it the rank of colonel.

Funeral services will be held Friday morning at 9:30 o'clock at the home of his sister.

### John B. Cipriani Dies; Pioneer Italian Here

John B. Cipriani, one of the oldest Chicagoans of Italian descent, died at his home, 2512 West Harrison street, yesterday afternoon after a long illness.

He was 72 years old and had lived in Chicago for more than fifty years. For years he had been a grocer, but recently had retired from business. Five sons, Frank, Dr. John B. Jr., Armand, Anthony, and Alfred, and two daughters, Mrs. Ida Valdizzi and Mrs. Amella Udoni, survive. Funeral services will be held Friday morning at 10 o'clock in San Calisto church. Interment will be at Mount Carmel cemetery.

Funeral services will be held Friday morning at 10 o'clock at the home of his sister.

### Mrs. James A. Houston Dies Suddenly in Home

Mrs. Mary Houston, wife of Dr. James A. Houston, died suddenly yesterday afternoon in her home, 224 South Harvey avenue, Oak Park. She was the mother of ten children, of whom eight are living. She was one of the earliest members of the W. C. T. U. and since girlhood had been an active worker in the Methodist church.

At the age of 82 she wrote a book of memoirs, giving a record of northern Indiana from 1850.

## NOTICES

## Elmer Shares Music with Persian Tabby

Both Enjoy Programs, Each in Own Way.

## BY ELMER DOUGLASS.

Life is not all seriousness, so we will have a little diversion.

When I arrived at The Tribune Town this evening I found a bright new aerial glistening on the roof.

When I stepped into the radio room I found a row of new tubes lying on top of my set.

When I returned from my daily 10 o'clock refreshment of "coffee and a smoke" near Persian can nose around the radio works. It was a stray cat, picked up by an assistant to the news editor.

Turning on the power, Floyd Gibbons

was discovered speaking at WGN.

I laid the receiver down on the table, and the way that cat nosed inquisitively from one ear phone to the other was a sight. A turn was made to WQJ, a dance orchestra playing.

The cat jumped up, then leaped to a three foot distant chair. Intelligent, instinct, or fear? Anyhow, enough nonsense, for the cat is sleeping on that chair.

Shortly after 7 o'clock, at WEBH, a foreign accent, a kindly voice, complimenting America, its people, and their opportunities. This was Prince Paul of Greece in his first radio address.

There is a satisfactory nature about the Eversady 8 to WGN broadcast that defies brief analysis. However,

it is a combination of excellent, miscellaneous, and admirably well presented; every second of time utilised; masterly announcing; few interruptions; for the routine call letter announcements.

Don't forget to tune in at 10 o'clock for the second appearance of "Sam 'n' Henry," the characters in WGN's "radio comic strip," who made their weekly appearance over WGN this evening at 9 o'clock, offering their customary hour of music, songs, and comedy.

The program this evening is to consist of a quick succession of orchestra numbers, vocal solos, and novelties of every description.

We can proceed in the earlier and lighter vein as we recall the Uptown theater orchestra of twenty

pieces, WEBH, 9, as it played selections from the "Merry Widow." Then

we change to a deep melancholy note as the orchestra played the second and fourth movements of Tchaikovsky's Fourth Symphony (9:10 to 9:26). How powerfully effective these melancholy Tchaikovsky symphonies when heard in a room.

Just a moment with the romantic

voice of Arthur Simons, WMAQ, a tenor who carries one away from earth to fancy's abode.

I didn't, but perhaps our grandmas and grandpas were at home with, and understood the maneuvering of the dams at the Henry Ford fashioned

and the new exhibition at the New York auto show, through WGN, 9 to 10.

The night, hereabouts, closed with WGN's new comic "Sam 'n' Henry" sent. It was original and promising.

## YOUNG PASTORS VARRED NOT TO BE TOO AMBITIOUS

Young theologians were warned yesterday against worldly ambitions by Dr. A. W. Taylor, social secretary of the Disciples' denomination, who spoke at the Garrett Biblical Institute, Evanston, in connection with the industrial conference under the auspices of the Chicago Church Federation and the Federal Council of the Churches of Christ in America.

"Don't be ambitious to get a rich and cultured church," Dr. Taylor said to the coming ministers and pastores. "There are many young physicians and physicians here who do not work with, receiving fees but who nevertheless do not work simply for their fees. Never get out of touch with the unprivileged classes."

"We believe in high wages for the industrial workers as a benefit for society as a whole," said Dr. Worth M. Tippy, president of the Federal Council. "If laborers are compelled to live on a bare subsistence scale every business in a community suffers. If laborers are well paid they can enjoy some of the educational and cultural advantages of life."

ANNE BESANT DENIES CLAIMING A NEW MESSIAH

MADRAS, India, Jan. 12. (AP)—Mrs. Annie Besant, president of the International Theosophical Society, today said she never had any idea of being the "vehicle" for the "messiah." But she said her belief that the young Hindu is the "vehicle" for a "world teacher." The 75 year old Theosophist leader referred to press references to the "proclamation" of J. Krishnamurti as the "second messiah at Adyar, near Madras."

Mr. C. H. Clark, 12, a recently

dearly beloved husband of Mrs. Besant, and fond son of Dr. Annie Besant, died yesterday. Mrs. Besant, 66, a widow, Lincoln Park, Chicago, died Saturday morning.

# Over-the-counter Sales on McCall Street

## The influence of McCall's Magazine reaches retailers in every class of trade

McCall Street is the longest and most important street in every community. In New York, it is 150 miles long; in Chicago, 105 miles long; in Boston, 50 miles. The people who live on McCall Street spend six billion dollars a year.

Two million and more families live on McCall Street. Over 68% of them are concentrated in the trading areas of the 287 cities of 25,000 population and over.

These McCall Street families spend six billion dollars a year, with the retail merchants in every city and town in America.

Dealers in foods, dress materials, automobiles and accessories, drugs, toilet articles, jewelry, furniture and house furnishings, paints and varnishes, building materials—every commodity manufactured and distributed—share in this great volume of retail business which is done on McCall Street.

Copyright, 1926, The McCall Company

McCall's 112,000 families  
in every class of trade  
live on McCall Street—  
a home every 25 feet—the houses  
spanning both sides of a  
distance from Boston to  
San Diego.

McCall's has the greatest over-the-counter sale of any woman's magazine. Its successful experience with sales-at-retail parallels exactly what every manufacturer wants to do for his own product.

THE one fundamental aim of every great business is over-the-counter sales. To get the product across the retailer's counter, into the hands of the consumer, is the big job.

Every sales force operates on that policy; every advertising campaign has over-the-counter sales for its objective. That is what business is all about—over-the-counter sales!

In this one vital thing every business is on common ground. Every soap manufacturer faces the same problems, the same difficulties, the same experiences, as every clothing manufacturer, every tooth paste maker, every publisher.

In over-the-counter sales, McCall's Magazine is supreme. McCall's sells more copies across the retailer's counter—the newsstand—than any other woman's magazine.

One million one hundred thousand people will step up to 60,000 counters this month, and buy the February issue of McCall's. Another million one hundred thousand will

receive the magazine through the mails. These people buy McCall's because they want to read it. They believe in it; they are interested in its editorial pages; they are responsive to its advertising pages.

The outstanding superiority of McCall's in over-the-counter sales is the strongest evidence of the overwhelming public acceptance on which the success of the magazine is based. It is the foundation of the powerful national influence which McCall's exerts upon the retail trade of the country.

It is the basis of the prestige that McCall's holds in the minds of merchants everywhere. It is the great thing which McCall's has for the manufacturer who wants more sales-over-the-counter. A magazine that sells itself to the public is in the best position to sell advertised goods.

In this respect McCall's exactly parallels the job of every maker of every product that is placed before the public and succeeds or fails in proportion to its sale across the counter to its public.

McCall's is the medium in which the manufacturer will find his own work matched—his own aim equalled—his own experience demonstrated.

On this common ground, McCall's is the preferred advertising medium for creating over-the-counter sales.

THE McCALL COMPANY, 236-250 West 37th Street, New York City

Print Order for February 2,445,000

The February Issue is Out Today  
Ethel Sabatin's great new novel, "Ballerion," starts in this issue. Joseph Hergesheimer's beautiful love story, "Isabel Maye." Ethel M. Dell's great novel, "A Man Under Authority." Other fascinating fiction by Zane Grey, Margaret Pedlar, Margaret Cuklin Banning. Special articles by Gene Stratton-Porter, Rev. S. Parkes Cadman, Irene Castle McLaughlin, Nyea McMein Baragwanath. Departments by Dr. E. V. McCollum, Sarah Field Spill, Emily Post, and famous architects, domestic science experts, beauty specialists.

## The New McCall Printed Pattern

Millions of women are joining the ever-increasing number of satisfied McCall Pattern users.

Because The Printed Cutting Line found only on McCall Printed Patterns is the one way of reproducing styles accurately. Cut on a printed line—not along a wobbly paper edge. The margin that protects the accuracy of the printed cutting line falls away as you cut through paper and material. Patented August 16, 1921.

## CONFICTING TURF DATES AVOIDED IN 1926 RACE MEETS

East and West Agree on  
Time of Rich Stakes.

BY FRENCH LANE.

The east and the west will not quarrel over dates for the running of their important stake events during the coming racing season.

This message was brought to Chicago yesterday by Col. Matt J. Winn, general manager of the Kentucky Jockey club, who announced some time ago that, with the support of numerous Chicago sportsmen, he will build a race course two miles beyond the Cook county line at Crete, in Will county.

Maryland's Preakness will be run at Pimlico on May 10 and the Kentucky Derby at Churchill Downs Saturday, May 15. The Dwyer and the Belmont stakes, among early season fixtures in New York, will not conflict with stakes events arranged in Chicago or St. Louis.

### All Conflicts Avoided.

Col. Winn and Col. Andrew Vannie came into Chicago yesterday from New York after holding conferences in the east with officials of the Jockey club.

Any prospect for the dates of important stakes conflicting was ironed out at these conferences, and it will be possible for the horses east and west to compete for the rich prizes arranged in Chicago and St. Louis as well as keep their engagements in the east. It was announced.

### Favors Short Meetings.

"Selection of racing dates will be deferred to such time when all the various meet interests have come together," he said. He declared he will advocate short meetings at every track, with the Chicago season opening late in June or in early July and closing not later than Sept. 15.

Col. Winn leaves today for St. Louis. He will return to Chicago next week.

## RIVALRY KEEN IN MANUFACTURING BOWLING LEAGUE

Leadership of the Central Manufacturing Bowling league is shared by the Crane club and Wilson & Co. The Crane pin toppers are out in front in the Tuesday evening section, and Wilsons lead the Wednesday division. All games are rolled at the Louis P. Peterson alleys, Rockwell and Madison streets.

The standings of the two sections last night:

WOMEN SKIERS  
OF NORGE CLUB  
DRILL FOR MEET

Women skiers of the Norge ski club, who have been having their own way in the annual five-mile cross country run, will have keen competition when they race next Sunday in the club's annual meet at Fox River Grove, near Cary.

Miss Margaret Kommander of Winnetka, a recent arrival in Chicago from Switzerland, who entered her yesterday with Fred Brown, will be the Norge club head coach at the Morrison hotel, and will go out to the club grounds today for practice. Lorraine Madson, champion of the Norge club women skiers, has been practicing daily.

Entries from Red Wing, Minn. club skiers were received yesterday. They are Halver Bjornsgard, a class A skier who took first place at the Grand Beach meet Sunday; Norman Charlson, Clarence Lillithan, Oscar Rosengren, and Kenneth Kempe, all class B skiers.

BY FRENCH LANE.

The east and the west will not quarrel over dates for the running of their important stake events during the coming racing season.

This message was brought to Chicago yesterday by Col. Matt J. Winn, general manager of the Kentucky Jockey club, who announced some time ago that, with the support of numerous Chicago sportsmen, he will build a race course two miles beyond the Cook county line at Crete, in Will county.

Maryland's Preakness will be run at Pimlico on May 10 and the Kentucky Derby at Churchill Downs Saturday, May 15. The Dwyer and the Belmont stakes, among early season fixtures in New York, will not conflict with stakes events arranged in Chicago or St. Louis.

It will be a case of Italian meeting Greek. Bad feelings have existed between them for a long time.

Although Caliza is picked to win over Ballas, the Greek may give the Italian a harder struggle than is generally expected. This will be a finish match, best two in three falls. They will be in the ring and ready to wrestle at 10 o'clock.

John Kilson and Charley Peterson will open the show in a fall match with Young Zbyszko and Jack Foster the principals in the second preliminary. The show will start at 8:15 o'clock.

Jack Linow, who meets Renato Gardini at the Star and Garter on Friday night, is training at a local gymnasium. He is the only one who other heavyweights refuse to enter the ring with the Italian. Frank Lekar and George Vassalli clash in the other contest.

Tom Tolak, former world's middleweight champion, and Eddie Potts will meet in the semi-windup to the Joe Parilli-Tony Hadlock finish wrestling match at the Broadway armory. The two will be in the ring and ready to wrestle at 10 o'clock.

John Kilson and Charley Peterson will open the show in a fall match with Young Zbyszko and Jack Foster the principals in the second preliminary. The show will start at 8:15 o'clock.

Favors Short Meetings.

"Selection of racing dates will be deferred to such time when all the various meet interests have come together," he said. He declared he will advocate short meetings at every track, with the Chicago season opening late in June or in early July and closing not later than Sept. 15.

Col. Winn leaves today for St. Louis.

He will return to Chicago next week.

## Demetal and Gardini Bout Arouses Fans

Although the match between George Caliza, the Italian heavyweight and John Ballas is billed as the feature of the wrestling show at the Ashland Boulevard Auditorium tonight, the bout between Renato Gardini and William Demetal is arousing interest.

It will be a case of Italian meeting Greek. Bad feelings have existed between them for a long time.

Although Caliza is picked to win over Ballas, the Greek may give the Italian a harder struggle than is generally expected. This will be a finish match, best two in three falls. They will be in the ring and ready to wrestle at 10 o'clock.

John Kilson and Charley Peterson will open the show in a fall match with Young Zbyszko and Jack Foster the principals in the second preliminary. The show will start at 8:15 o'clock.

WOMEN SKIERS  
OF NORGE CLUB  
DRILL FOR MEET

Women skiers of the Norge ski club, who have been having their own way in the annual five-mile cross country run, will have keen competition when they race next Sunday in the club's annual meet at Fox River Grove, near Cary.

Miss Margaret Kommander of Winnetka, a recent arrival in Chicago from Switzerland, who entered her yesterday with Fred Brown, will be the Norge club head coach at the Morrison hotel, and will go out to the club grounds today for practice. Lorraine Madson, champion of the Norge club women skiers, has been practicing daily.

Entries from Red Wing, Minn. club skiers were received yesterday. They are Halver Bjornsgard, a class A skier who took first place at the Grand Beach meet Sunday; Norman Charlson, Clarence Lillithan, Oscar Rosengren, and Kenneth Kempe, all class B skiers.

High Blood  
Pressure  
BOOK FREE

What causes High Blood Pressure? Why do these same causes tend to produce hypertension, Bright's Disease and other diseases?

Now and many other questions are answered in the new book, "How to Control High Blood Pressure." It tells how to take care of the body, reducing tensions the action of which on the heart and blood vessels, would cause more timely and complete, would cause

and this book is yours for the asking. Absolutely free. But write us at once—before the edition is exhausted.

Free Test

We invite you to call at our consulting room and receive without charge and without the cost of postage, a free copy of the book. You come to us to learn the truth about High Blood Pressure.

Or, if not convenient to call, just write us for our free book and for a Free Blood Pressure

## Sloan's Liniment KILLS PAIN

## PURPLE SWIM TEAM MEETS C. A. A. TONIGHT

Robinson Loses Stars of 1925 Squad.

Indoor sports at Northwestern are now in full stride. Maury Kent and Frank Hill are developing their basketball and track teams, and Glenn Thistlethwaite is coaching freshman cage candidates. Bryan Hines is giving a squad of grapplers some fine points on wrestling, and Tom Robinson is putting his swimming team through hard practice to get them ready for the conference season.

**Two Tankers Ineligible.**  
Manowitz and Kimball have been lost through ineligibility, and the others by the diploma route. Capt. Dick Howell and Paul Corbett are the only star swimmers left.

On Friday the track team will participate in a handicap meet, against the freshmen and alumni. The basket team and wrestlers will go to Lafayette Saturday for tilts with Purdue.

### BUSY WEEK FOR MAROONS

Three University of Chicago teams will see action Saturday night. The Maroon cagers will go to Madison, Wis., to meet the University of Wisconsin quintet, the swimming team will open its season against Indiana at Bartlett gym, and the gymnastic team will stage its flip-flopping contortions against the Milwaukee Y. M. C. A. squad. The latter meet is carded for midweek.

The cage tilt at Madison will test the offensive power of the Badgers. Coach Norgren's men have developed a good defense, as was demonstrated in the Iowa game. Drill on offense is the keynote of practice at the Midway this week.

### St. Mary's College Plays De Paul Five Tonight

De Paul university Demons will meet the St. Mary's college quintet (Winona, Minn.) in their opening game of the Western Interstate conference season on the north side floor at 8:30 o'clock tonight.

**LOCAL BASKETBALL.**  
Marine Title & Trust heavy, 4; Continental Trust, 2; First National, 14; Precooper, 14; Buckingham, 14; Brookline Pres. lights, 16; Friendship Com., 16; Woodlawn Park Pres. lights, 22; Woodlawn Park Pres. heavy, 27; Normal Park, 15.

## Barrett Shows Rail Birds He Packs Wallop

### Employed Boys' Cage League Opens Season

Opening games in the Central Employed Boys' Basketball league were played at the Central Y. M. C. A. yesterday. Twenty-four teams are in the league. Last night's results follow:

First National Trust heavier, 25; Illinois Merchant, 8

First National Trust Light, 17; Illinois Merchant, 8

Cross Roads heavier, 18; Western Union, 2; Western Union Lights, 9; Northern Trust, 8.

Bobby Barrett, the Philadelphia welterweight who meets Frankie Welsh of the west side in the windup of the boxing show at East Chicago, on Friday night, gave a good exhibition yesterday afternoon.

The easterner pulled on the leather with his sparring partner, K. O. Ketchel, and his manager, Jim Sanders, in the semi-windup. Although Bobby was outweighed thirty pounds, he tore into his heavier opponent and made him cover several times. They also stood toe to toe to trade punches.

Welsh had a busy afternoon. He boxed six rounds and covered four miles on the road in the morning.

Frankie is bent on winning this match, which is one of the most important of his career.

James Daugherty, manager of Barrett and Ketchel, will arrive in Chicago today from California. Jimmy will be remembered as the referee of Jack Dempsey's fight with Tom Gibbons at Shelby and the one with Billy Miske at Benton Harbor.

It is estimated by the investigator that if the wheat straw in an average year were hauled and used for fuel, Kansas alone would

have enough to supply the needs of the lighthouses, while blonde I went the plough into the air and kerosene rose the spray as the wolves of the reef struck our boat.

Then the water was there. Big waves

had come and scattered were these big waves that it was impossible to let the

lure go back to a safe travel distance. The

boat, waiting to wield their long teeth on

anything that looked like a living fish. Just

as the wolves of the reef struck our boat

and a lean gray form darts through the

water or out of the water to end the sport

with a smashing strike.

### NOTES OF THE CUE ROOMS.

Petres won the only Chicago Billiard league cushion game played last night, beating Holzer (42), 46 to 40, in 31 innings, at Kieckhefer's. Petres' high run was 4, and Holzer's 5.

**MORRIS ELLERS WIN, 11-2.**  
The Morris Billiard indoor basketball team yesterday beat the Astorian A. C. 11 to 2, in a North Shore league game at the Blaine school gym. Hoyle held the losers to a pair of safe blows.

### Do You Remember "Way Back When?"

Yank Adams, finger billiard expert, published the "Sporting and Dramatic Journal," of which Hugh E. Keough was the editor (1888)—Oldtimer.

**AKERS WINS, 11-2.**

The Morris Billiard indoor basketball team yesterday beat the Astorian A. C. 11 to 2, in a North Shore league game at the Blaine school gym. Hoyle held the losers to a pair of safe blows.

**HASSEL'S**

N. W. Corner Dearborn and Van Buren Sts.

**CAROUSEL**

**Mobil-Oil**

Make the short your guide

Yes, sir!  
that's  
my  
buddy!

TROUBLE'S a bubble, just as the song says. And you can stick it with the stem of your old jimmy-pipe . . . packed to the brim with Prince Albert. Friendly, fragrant Prince Albert. Cool, comfortable Prince Albert. A pal in the pinches . . . a cheer-leader when you're on top.

Pipe-peevs vanish in a P. A. smoke-screen. Problems go up in smoke. Cool and sweet and fragrant, P. A. sifts into your system and pins a big red rose on the workaday world. Tobacco with a real mission in life . . . to make you pipe-happy and keep you that way!

And listen to this: P. A. can't nip your tongue or parch your throat! Because—the Prince Albert process put a padlock on tongue-torture right at the start; gave Bite and Parch the gate in the beginning . . . and they've never been back!

Men who thought they never could smoke a pipe have tried again with Prince Albert . . . and stuck! Go and do you likewise. There's a friendly shop nearby where they hand out P. A. sunshine in tidy red tins. Take the shortest cut. Step lively! Your tobacco troubles will then be over for all time.

**PRINCE ALBERT**

—no other tobacco is like it!

## WANTED-MALE HELP.

Salesmen, Solicitors, Etc.

YOU.

## Nye Seated as North Dakota Senator by 41 to 39 Vote—Brewery, Held as Fort, Taken 'After Gun Battle'

(Pacific and Atlantic Photo.)  
**G. O. P. REVOLT GIVES FOES ANOTHER SENATOR.**  
Gerald P. Nye, who was seated as North Dakota representative in upper house.  
(Story on page 1.)

(TRIBUNE Photo.)  
**BREWERY SEIZED AFTER DEPUTY SHERIFFS ARE FIRED UPON.** Plant near Cary, Ill., which was captured by Lake county officials after battle with employees. The smaller shed in the foreground is the power house of the brewery.  
(Story on page 2.)

(Harris & Ewing Photo.)  
**FAMOUS BLIND AND DEAF WOMAN FINDS COOLIDGE "A, DEAR."** Miss Helen Keller with President Coolidge during Monday's visit to White House when she read his lips with her fingers and impulsively embraced him.

(TRIBUNE Photo.)  
**POULTRY SHOW OPENS AT STOCKYARDS AMPHITHEATER.** Mrs. E. C. Fitch of Glen View holding silver fox valued at \$1,500, owned by Lea Silver Fox ranch, exhibited at show.  
(Story on page 2.)

(TRIBUNE Photo.)  
**ZERO WEATHER FAILS TO SCARE ATHLETES.** Mme. Estelle Wingler, French swimmer, and Jack Morni, pugilist, taking their daily trot along lake shore.  
(Story on page 2.)

(TRIBUNE Photo.)  
**CHILDREN FIND MOTHER AND FORMER BOARDER SLAIN.** Left to right: Charles Stahlberg, 10; Robert, 4, and Dorothy, 7, who were left orphans by murder and suicide.  
(Story on page 18.)

(TRIBUNE Photo.)  
**THOUSANDS OF GALLONS OF BEER SEIZED IN RAID UPON BREWERY.** Deputy Sheriff Oscar Watson of Lake county standing guard over two of the beer vats. There were eight of these vats in the brewery, having a capacity of 1,000 gallons.  
(Story on page 2.)

(TRIBUNE Photo.)  
**SIGNS FOR LOOP.** Delivery of 300 of these to the city has been started.

(Harris & Ewing Photo.)  
**CANDIDATE.** Mrs. John W. Langley seeks congress seat vacated by convicted husband.

(TRIBUNE Photo.)  
**PACKING CHIEF.** Edward A. Cudahy Jr. has been named by Pat Crowe, head company.

(TRIBUNE Photo.)  
**ZERO WEATHER FAILS TO SCARE ATHLETES.** Mme. Estelle Wingler, French swimmer, and Jack Morni, pugilist, taking their daily trot along lake shore.
